SECRETARY WILSON STANDS BY REPORT

Will Insist On a Most Thorough Investigation Of Affairs.

NEW SYSTEM NOW IN VOGUE

Every Precaution Will Be Taken to See that There Is No Further Leakage of Information—Nothing from Mr. Price.

Washington, July 12.—Unless there are new developments in connection with the cotton leak investigation, Secretary Wilson said today that he proposed to stand on the report of the secret service officers. He expected however, that the investifgation would give rise to various rumors and stories of irregularities in connection with the department's reports on other products, but that where there was the slightest tangible evidence to work upon, he declared, he would go to the bottom of every complaint and publish the results of his investigations. Already, he said, the allegation had been made that the tobacco figures had been manipulated and the matter would be looked into. But, for the present, he had nothing further to say.

The new system of preparing the monthly crop report devised since the cotton investigation began, was put in force today. The report will be made public late in the afternoon and the secretary believes that the steps taken to safeguard the figures are well nigh perfect. Early in the day Assistant Secretry Hayes, Chief Statistician Hyde, and several experts of the department, were placed in a room under lock and key, and they will not be permitted to come out until 4 o'clock in the afternoon.

The telephones in the room have been disconnected, and a careful scrutiny will be kept of the windows to avoid the possibility of a leak through private signals.

No communications of any sort have been received from Mr. Price, or his attorney, and the secretary believes that so far as the cotton investigation is concehrned it is a closed incident.

Attorney General to Take Action.

Washington, July 12.—Secretary Wilson today turned over to the attorney general all the papers in connection with the cotton leak investigation. It is intimated that this is done with the expectation that prosecution of the several persons mentioned in the report of the secret service officials will follow.

It is felt at the department that notwithstanding the opinion of the United States district attorney that on the facts represented in the secret service reports he did not think a prosecution would lie, a reexamination of the the testimony would end or alter that opinion. It is now known that President Roosevelt has taken a hand in the matter and directed that nothing be left undone to punish the offenders.

1,000-Mile Automobile Race.

New York, July 12.—Thirty-three touring cars, bearing more than a hundred automobile enthusiasts, started from this city today to compete in a 1,000-mile reliability tour for a trophy offered by Charles J. Glidden. The start was made from the automobile club of America in Fifth avenue. It is expected that four days will be required for the run, which will end in the White mountains. On Thursday the tourists expect to reach Portsmouth, N. H. Four days will be spent in the trip homeward over an entirely different route.

Nephew of Dead Man Arrested.

Nashville, Tenn., July 12.—A Pikeville, Tenn., dispatch to the Banner says that Charles Swofford, nephew of W. L. Tollett, who was assassinated last Saturday has been arrested and placed in jail at Pikeville. Much excitement prevails, and a riot is expected at the trial tomorrow. W. L. Tollett was a brother of State Senator Tollett of this state.

ELKS' ORDER SHOW PROSPERITY

A Decided Gain In Membership and Finance Is Shown.

Buffalo, July 12.—The report of the grand secretary of the B. O. E., in annual session here, makes the following statement:

The success of the past year has exceeded all expectations and has been most gratifying. Fifty-three new lodges have been added to the long list and those lodges already in existence have been materially strengthened by large accessions in membership. We have made an increase of 22,888 in membership, giving us today 988 lodges and a total membership of 200,040. With qauntity of membership is coming quality. The successful year just passed is the result of the harmony now existing throughout our wide domain.

Last year there were six lodges with a membership of over 1,000; now we have seven lodges. Louisville dropped below the thousand mark, while Cincinnati and Spokane were added to the list. The numerical strength of the seven lodges is:

Brooklyn, No. 22, 2,059; New York, No. 1, 1,404; Detroit, No. 34, 1,185; Philadelphia, No. 2, 1,164; Chicago, No. 4, 1,078; Spokane, No. 228, 1,013; Cincinnati, No. 5, 1,020.

The cash on hand May 31 was $116,902, the total assets $189,273; the liabilities only 4,656. The total surplus was $184,617, against $169,192 in 1904.

TEN DEATHS FROM PROSTRATION

New York Citizens Suffer by Rays of Old Sol.

New York, July 12.—Ten deaths and more than two score cases of prostrations resulted from the continuance of the wave of intense heat which reached the city Saturday. A grateful breeze from the sea served in a measure to temper the torrid temperature, and excessive humidity, but the suffering, especially in the swarming tenement house quarters was intense, and throughout the day the ambulances were kept busy removing sunstrucken patients to the various hospitals.

At 1 o'clock the thermometer registered 89 degrees, two degrees higher than yesterday, and remained at this point until 3 o'clock, when a heavy thunderstorm with a deluge of rain descended on Brooklyn, the lower portion of Manhattan and suburban towns in New Jersey. The storm brought a startling fall in the mercury, which dropped 13 degrees within half an hour, effectually breaking the hot wave. This evening the cool breezes continued with every prospect that it would hold during the night.

The rain storm almost attained the proportions of a cluod burst in the lower section of Manhattan, and within ten minutes many of the down town streets were flooded to the level of the sidewalks.

ARE OPPOSED TO BANKRUPTCY.

Attorneys for Creditors of the Bank of Kansas Fighting Case.

Chicago, July 12.—Attorneys for the creditors of the First National bank of Topeka, which failed July 3, appeared today before Judge S. H. Bethea in the United States district court here and announced postponement of a proposed attempt to institute federal bankruptcy proceedings here against Charles J. Devlin, who owns two-thirds of the stock of the Topeka bank.

Judge Bethea had previously announced that bankruptcy proceedings would not be considered by him unless showing was made that Devlin has property within the jurisdiction of the federal court of his district. It is said that Devlin owns property in a number of Illinois counties and that efforts will be made to obtain the appointment of the same receivers for this property as for the property in Kansas.

Cody Dismisses Divorce Suit.

Chicago, July 12.—A dispatch to the Record-Herald from Lincoln, Neb., says that Dr. D. Frank Powell has received a cablegram from Colonel W. F. Cody directing him to dismiss the appeal for the Cody divorce suit case.

POLICE PERFECT OF MOSCOW IS KILLED

Shot Down By Assassin While He Received Petitions.

PURELY A POLITICAL CRIME

The Assassin Was Arrested Immediately But His Identity Is Unknown. Twenty Killed in Warsaw—Other Russian News.

Moscow, July 12.—Major General Count Shouvaloff, prefect of police here and formerly attached to the ministry of the interior, was assassinated this mornig while receiving petitions. One of the petitioners drew a revolver and fired three times at the prefect who fell dead. The assassin was arrested.

The assassin, who was dressed as a peasant, has not been identified. He was recently arrested as a political suspect, but escaped from the police station before his examination.

The assassin awaited in the anteroom of the prefecture till the other petitioners had been received and then entered the audience room. He advanced towards Count Shouvaloff and fired five shots at close range. The bullets passed through the body of the prefect.

Purely a Political Crime.

St. Petersburg, July 12.—The assasination of Prefect of Police Count Shouvaloff, of Moscow, today is considered to be a purely political crime as the count was not yet 40 years of age, and was regarded as being of the best type of the Russian official. He came from one of the most famous families of Russia. The count was a son of Count Peter Shouvaloff, a statesman who represented Russia at the Berlin conference, was formerly colonel of the Guard regiment, known as the St. Petersburg and was one of Emperor Nicholas personal friends. He succeeded General Zelenoi, who was extremely severe, as pfefect of police at Odessa earlier in his career. Count Shouvaloff earned the esteem of all by his firm business course, making himself particularly popular with the students. The impression exists here that the count was killed for preserving order. The zemstvoists will not be allowed to meet at Moscow July 19, although this act is simply in execution of the orders of the governor general issued previous to the assassination of the prefect of police.

Twenty Rioters Killed at Warsaw.

Warsaw, Russiah Poland, July 12.—Three bloody encounters between the troops and the striking shoe makers, in which about 20 persons were killed or wounded, occurred today. The strikers were marching through the city from house to house, demanding the lowering of rents by 20 per cent. Many, out of fear, complied with the demands of the strikers.

Martial Law at Tiflis.

Tiflis, Caucasia, July 12.—The thoroughfares and squares are occupied by troops, but the city has been quiet since the proclamation of martial law. The official Gazette has resumed publication.

Russia to Build New Navy.

New York, July 12.—A Stfl Petersburg dispatch to the World says that the navy department having resolved to build a powerful new navy, has instructed Charles M. Schwab to make plans for new wharves, giving the exact time in which the work can be completed.

JAPANESE TAKE CAPE NOTORO.

Warships Bombard and Capture Port on Sakhalin Island.

Tokio, July 11, 1 p. m.—The navy department has received the following report from Admiral Kataoka:

"Two cruisers and four torpedo boats left Karasakorsk July 10, with soldiers on board for the purpose of landing and occupying Cape Notoro.

"After some bombardment the place was taken. The light house and buildings were left under guard.

"Four prisoners were taken."

Cape Notoro is the most southerly point of Sakhalin island on LaPerouse straits, directly facing Cape Soya on the Japanese coast. It commands the straits.

Anxious to Lend Japs Money.

London, July 12.—Since the hour they opened today the banks charged with the issue of the new Japanese loan of $150,000,000 have been rushed with applicants. The indications are that the loan will be heavily over-subscribed. The rush is even greater than on the occasion of the last loan.

COMMITTEES ARE APPOINTED.

Georgia Legislators Can Now Get Down to Business.

Atlanta, July 12.—Outside of the appointment of the standing committee by Speaker Slaton, there was little important business in the house of representatives Monday.

Now that the committees have been appointed and are ready to take hold of the numerous measures which have been presented for the consideration of the legislature, it is expected that bills will be disposed of with a rush.

An interesting feature of the committee on new counties, which had been provided for. As a matter of fact, the committee on new counties in both the house and senate had been made up and the announcements were to have been made Monday.

It was discovered, however, that many of the members who had been named on these comittees were disqualified for the reason that they had promised their support, vote and influence to some one or more of the proposed new county schemes.

In the Senate.

With the exception of the announcement of the standing committees by President West Monday, little business of importance was transacted by the senate.

The senate of 1905-06 passed its first bill Monday. It was a local measure, and consequently referred to no committee. The bill was introduced by Senator Foster, of the third district, and provided that the county commissioners of McIntosh county should be elected from the county at large instead of from the different districts, as now provided.

THREE MOONSHINERS SLAIN.

Fierce Fight In the Mountains With the Revenue Officers.

Roanoke, Va., July 12.—Details have reached here from Christianburg telling of a battle between revenue officers and alleged moonshiners in Buchanan county, a brief report of which was sent out Saturday night.

The revenue men went into the mountains to capture distilleries said to be operated in violation of the law. They were met by a band of moonshiners, led by Henry Adams, and firing on both sides began.

Three moonshiners were killed and three mortally wounded and one revenue agent, Deputy Collector G. M. Tucker, was slightly injured. The dead:

Columbus Collins.
Andy Anderson.
—— Sen.er.

The names of the wounded moonshiners are not given.

Deaf Instructors Meet.

Morganton, N. C., July 12.—Thirty-two states, the District of Columbia and the Canadian provinces of Manitoba and Ontario are now represented in the attendance here on the American convention of the instructors of the deaf. Delegates are still coming in, and by tomorrow it is expected that the number of states represented will be increased by several and the total number of delegates will be much larger. Already there are 125 on the register of the normal department of the school. Every southern states is represented, and every state in the middle west. Many of the delegates are mutes. The address of the president, Dr. E. M. Gallaudet, was delivered this morning. Tonight E. Stanley Thompson, of Philadelphia, delivered an interesting stereopticon lecture.

OFFICIALS CLASHED OVER CALEB POWERS

Noted Prisoners In Hands Of Federal Authorities.

MAYOR'S TEETH KNOCKED OUT

Jailer Wanted to Place Powers in Cell Provided for Him by His Friends, to This the Mayor Objected and a Bitter Fight Ensued.

Cincinnati, July 12.—Jailer Flegg and three other men are out on bail after arrest by order of Mayor Helmbold, of Newport, Ky., Policeman Flynn and Ratican are out on bail having been arrested charged with resisting United States officers in the discharge of their duty and the mayor himself was today bound over to appear on Thursday to answer a charge of resisting United States officers having surrendered himself to learning that a warrant was out for his arrest.

These were among the results of the attempt of some of the friends of Caleb Powers, former secretary of state of Kentucky, under intdictment for complicity in the murder of William Goebel, to furnish the cell that the prisoner was to occupy with more comforts than usually fall to the lot of the inmates of the Newport jail. During the fight which followed when the jailer refused to obey the mayor's order to place Powers in a cell other than that prepared for him the mayor's front teeth were knocked out, revolvers were drawn and almost the entire police force of Newport was called into action. The jailer claims that the order of United States Judge Cochran, when that official assumed jurisdiction in the Powers case, committed Powers to the Newport jail and gave direct control over the prisoner to the jailer and that the mayor had no right or authority in the matter.

The charge against the jailer and the three men arrested with him is assault and battery and resisting an officer. The warrants against the mayor and the two policemen were issued by the United States commissioner after consultation with the district attorney, who first directed the United States marshal and the jailer to take Powers to his cell and try to leave him there. This was resisted by the two policemen, acting under orders from Mayor Helmbold, and the warrants were then issued by the commissioner.

STANDARD OIL FIGHT RESUMED

Missouri Officials Try to Oust Rockefeller from that State.

Kansas City, July 12.—The taking of testimony in the suit of Attorney General of the state to oust the Standard Oil company from Missouri, was resumed here today before Judge Robert A. Anthony, the case having been transferred from St. Louis. Herbert S. Hadley, the attorney general, and two assistants represented the state.

The state charges that the defendants have entered into a combination to control the prices of oil, destroying competition. Judge Anthony was named special commissioner by the supreme court to hear the testimony and report its findings in the case. After examining several witnesses here he will likely go to other parts of the state for the same purpose.

Noted Murderer on Trial.

Salem, Ore., July 12—Charles Monte a convict in the penitentiary is being tried here on a charge of murder. Monte was jointly indicted with one Harry Wright, now incarcerated in the county jail with the charge of having supplied the outlaws Tracy and Mercer, with ammunition and provisions to effect their escape from the prison. As Tracy killed seven men during his flight, two of them being guards of the penitentiary, Monte was charged with murder, under a provision of the state law which makes an accessory before the fact a principal in the crime.

TO BUILD LARGE TERMINALS.

Santa Fe Railroad Is Preparing to Erect Them in San Francisco.

San Francisco, July 12—It has been formally announced by local officers of the Santa Fe company that steps are to be imediately taken toward establishing big freight yards in the Chinese basin property. They will be the nucleus for what promises to be one of the largest freight terminals in the west. It is expected that the construction of these buildings will take about a year, during which time other important improvements will be under way at the basin.

In discussing the subject one of the officials of the road said that San Francisco is to be a great freight center is no longer a theory but a certainty. Competitive points along the coast will not materially interfere with this city's growth in this respect. The Santa Fe company is now preparing to meet this development at a present cost of $10,000,000.

Commissioner to Venezuela.

Chicago, July 12.—William J. Calhoun, of Chicago, has been selected by President Roosevelt to act as a special commissioner to visit Venezuela and determine the equity of the asphalt company's claims and other vexed questions. Mr. Calhoun, went to Cuba for President McKinley on a mission of somewhat similar import before the Spanish-American war. When the report of the appointment was brought to Mr. Calhoun he refused to discuss the matter but did not deny it. Mr. Calhoun was a member of the interstate commerce commission from 1898 to 1900.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson

SHORT SUNDAY HOURS FOR THE DRUGGISTS

Ministerial Association Wants the Pharmacists to be Good.

OUGHT TO ATTEND CHURCH

Instead of Rolling Pills and Filling Prescriptions Sunday Morning—Important Meeting of the Association Tuesday Afternoon.

The regular monthly meeting of the Ministerial Association was held Tuesday afternoon at 3 o'clock in the Methodist parsonage. Among other important matters discussed was that of securing shorter hours in which the druggists would be compelled to remain open on Sundays, so that they could attend church services.

It was shown that the druggists were perfectly willing to enter into an arrangement to confine themselves to certain hours of work on the Sabbath, but it was made plain that there was a fear one or two of the physicians would enter an objection to being limited to any given time for their prescriptions to be filled. It was therefore resolved that a paper be presented to all of the practicing physicians for their signatures and in this way show there were none unwilling to grant their fellowmen church privileges on Sundays.

VERDICT OF CORONER'S JURY.

W. C. Hague Was Exonerated for Shooting Will Hunter.

The coroner's jury which sat upon the case of the killing of Will Hunter by Officer W. C. Hague at Hague Tuesday while resisting arrest, mention of which was made in The Sun, has returned a verdict to the effect that the killing was justifiable, since Officer Hague was protecting his own life. Chas. B. Dell was foreman of the jury which was composed of a half-dozen of the best citizens of that section. The evidence was carefully weighed.

Mr. Hague, who was hit four times by Hunter, is reported resting as easily as could be expected under the circumstances. While his wounds are painful, they are not considered serious, and the attending physicians say he is entirely out of danger.

QUICK TRIAL IN MISSISSIPPI.

Negro Indicted, Tried and Sentenced in Less Than Five Hours.

Jackson, Miss., July 12.—At Hazelhurst this morning Judge Miller convened a special term of the circuit court to try Jim Collins, a negro, charged with attempted criminal assault.

The grand jury was impaneled at 9 o'clock and returned an indictment in an hour against Collins, who was brought into court, plead guilty and was given the limit of the law—ten years—and in less than five hours after court assembled was on his way to the penitentiary.

Collins was saved from a mob some weeks ago by Judge Miller promising to convene a special term of the court to try the negro who attempted a criminal assault on Miss Hogg, the daughter of a prominent Copiah county farmer.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

Large Timber Deal in North State.

Asheville, N. C., July 12.—What is said to be one of the largest hardwood deals ever consummated in the south was announced here. By it the North Georgia company, a corporation composed of New York, Michigan and Georgia capitalists, acquires about 50,000 acres of hardwood timber forests in western North Carolina and northern Georgia from the Tallulah River Lumber company for a consideration of $250,000. The work of marketing the lumber will begin at once, and plans are being consummated, it is said, for developing valuable mineral deposits on the property.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Tug Runs Down Launch.

New York, July 11.—One man was fatally hurt and six others had a narrow escape from drowning today, when the tug Oneida ran down the 40-foot naptha launch Edna, owned by Nicholas Smith in the upper bay off Twenty-sixth street, Brooklyn. M. Smith the owner of the launch, was one of those on board at the time of the collision. He escaped injury. The tug cut the launch in two and it sank.

JEWISH CHATAUQUA IN SESSION.

Ninth Annual Meeting Being Held at Atlantic City, N. J.

Atlantic City, N. J., July 12.—The ninth annual gathering of the Jewish chatauqua is being held here, with an attendance larger than ever before.

During the first week there will be presented glimpses of Jewish scholars in the middle ages. This year is the eight hundredth anniversary of the death of Commentator Rashi, whose life will be told by Rabbi M. H. Harris, of New York, in a paper entitled "Rashi and His Times."

The question of assimilation was considered in an address by Dr. K. Kohler, president of the Hebrew Union College of Cincinnati. The department of applied philanthropy is under the personal supervision of Dr. Lee E. Frankel, of New York, the speakers who will discuss "Welfare among the corporations, manufacturing institutions and the department stores," includes Dr. Samuel W. L. Latta, of the Pennsylvania railroad; J. B. Hornberger, of Pittsburg, and B. J. Greenhut, of New York.

The question of the immigration of the Jews will be in charge of Mrs. C. H. Israel, of New York, who will speak on the "Unprotected Immigrant Girl," and "The Delinquent Girl," while Dr. William H. Allen, of New York, who has labored years in the poor districts, will address the chatauqua on "Improving the Condition of the Poor."

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

Officers Spirit Negro Away.

Owensboro, Ky., July 12.—John Clark a negro, was arrested at Central City, Muhlenberg county, on a charge of attempting to commit criminal assault on the wife of the Rev. William Woodson. News of the attempted assault spread rapidly, and it is said mobs were forming all over the county. The marshal of Central City removed the negro to Greenville, the county seat. Excitement was high there, and he was later moved to Madisonville, Hopkins county. Mrs. Woodson is a member of one of the most prominent families in Muhlenberg county. The negro says his home is in New Orleans.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Attention, Voters.

We wish to inform the patrons of The Sun that no votes are allowed in the Library contest on money paid for advertising in The Sun. Only those who pay the sum of $1.25 or over on subscriptions to The Daily Sun or those who pay cash for job printing will be allowed to vote.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

THE DAILY SUN 40c a Week

AN OPEN LETTER

From Dr. J. L. Kelley to Prof. J. A. Ormond.

Prof. J. A. Ormond,
Principal of the Negro School,
Tallahassee, Fla.

Sir: Your article under date of July 1st, which appears in today's paper, is a surprise to me; not on account of the sentiment and motive therein contained, (for I would expect just such an effusion from your fertile brain) but for the fact that you have doffed your pretentious mask, come out of your hiding, and signed your true name to your masterly production. Your boldness rather arouses a little admiration. I am much pleased to see that I described you so perfectly that you were forced to recognize yourself. I am also a little elated over the correctness of my diagnosis. Mr. Ormond, the instruction that I gave and asked the gentleman to deliver to you, was written on April 9th, and the application I received from you was dated April 24th. After that you accepted the appointment, and later declined, giving as your reason that you did not know that the term would be five months, which you said would prevent you from teaching an eight months' term elsewhere, etc.

Now as to Prof. Bonner. He was asked for by Mr. Doke, but he is not teaching at Santa Fe. I did write a letter for him "to whom it might concern," and now I am writing one for you. I might have mailed this to you, but, in a recent letter from you, you informed me that you would not consider a reply from me. I guess the apparent rudeness is due to the fact that your hands and heart are full looking after your agreeable charge. In this personal letter you use the following language: "The co-operation of the cheap editorial crew of the dirty sheet known as The Gainesville Sun." In today's paper you say: "Please grant me a short space in the columns of your valuable paper." The high place you are occupying seems to have made you double-sided and big-headed. I am further confirmed in this opinion by your expressed contempt for "saw mill graduates" and "defunct pill-rollers." I guess you have the same feeling towards other honorable callings. You and I have different ideals, or, as you say, "we understand each other." I have owned and worked in a saw mill for an honest living, hence my sobriquet. You, a 2x4 professor, in charge of a negro school, and when your term is out you will glory in being an emeritus professor, which I am inclined to think will cause you to become "defunct." In spite of your animus, I am sorry to see that you have become so much imbued with the spirit of commercialism that you would forget yourself enough to accept the charge of a negro school and then in the press boast about it. You say "it is a significant fact that my opportunities are not limited by boundaries of any particular county, and it is a fact of which I am a trifle proud, that in the face of my being 'turned down' by Dr. Kelley and his board, I was the first teacher in the State to receive recognition at the hands of the State Board of Education and Board of Control, a body almost as eminent as the Alachua County Board of Public Instruction." You should profit by the following lines from Burns:

O would some power the giftie gi'e us,
To see ourselves as others see us;
It would from many a blunder free us,
And foolish notion.

The brave, generous, proud and chivalrous man and womanhood of our Southland will never tolerate social equality in any form. Not even the iron heel of the carpet-bagger, supported by the Federal bayonet, could force it on us in the reconstruction period. No power on, or beneath the earth, can force us to accept it. We will not have it. The races must be separate in churches, schools, hotels and railroad coaches. Professor, you should have allowed Young, Days or some other negro to have had the principalship of that negro school over which you preside. They are equally as competent as yourself. Self-respect should have caused you to have declined. No negro shall teach a white school in Alachua county, and to this you doubtless say "Amen."

Then why should you forget our sacred institutions and customs and worship at the shrine of commercialism?

As a "defunct pill-roller" I feel constrained to advise you to use freely Saponis and Labarraque's Disinfecting Fluid on your person and raiment, and for your mental improvement read freely our glorious Southern History, and Thomas Dixon's Clansman. These will teach you of our proud heritage, made so by the blood and sufferings of our ancestors. Dixon will tell you of the hidden Empire that conquered the despotism that attempted to force upon us social equality.

Respectfully,
J. L. KELLEY.

KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys; and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

NELSON WAS IN TROUBLE.

Was Cut and Shot, His Horse Injured, and He Was Left for Dead.

A. D. Nelson, a colored man of Campville, got mixed up with some trouble on the Fourth of July which resulted seriously for him, as he is "cut up a site to see," as the Georgia Cracker expressed it in writing to a railroad company regarding a cow one of their locomotives had put out of business.

Nelson states that two colored men by the name of Starke fell out with him about a cow on the 4th inst., and both jumped on him and cut him severely, afterward shooting him and leaving him in the road for dead. He was riding a horse, and the animal was also injured.

The men were arrested, and were placed under a bond for their appearance before Justice James Dyess next Wednesday.

Nelson has employed Judge J. A. Carlisle to defend him.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1. Sold by W. M. Johnson.

Low Round-Trip Rates to California.

If you are ever going to California this summer is the time to go. The rates are unusually low. Only $62 50 Chicago to San Francisco, Los Angeles, Sacramento, or Santa Barbara and return, May 1, 2, 3, 9, 10, 11, 12, 13, 29, 30, 31 and June 1; also August 6, 7, 8, 9, 10, 11, 12, 13 and 14. Double berth in tourist sleeping car, Chicago to California, $7. Through tourist cars for California leave union passenger station, Chicago, 10:25 p. m. daily. Route—Chicago, Milwaukee & St. Paul, Union Pacific and Southern Pacific Line. F. A. Miller, General Passenger Agent, 1245 Railway Exchange, Chicago.

Buy It Now.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it.

Start Grading New Road.

Bremen, Ga., July 12.—The Bremen and Southwestern Construction company will begin grading on the Bremen and Southwestern railroad from this place to Borden, a distance of 15 miles, tomorrow morning. They expect to have the road completed by the time the season's cotton is ready for market.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

Weak Human Nature.

From many selections from Marcus Aurelius we choose this as showing his keen insight into this weak human nature of ours: "I have often wondered how it is that every man loves himself more than all the rest of men, but yet sets less value on his own opinion of himself than on the opinion of others."

A Luxury.

"But," objected the heiress, "I have been accustomed to every luxury."

"That's all the more reason why you should marry me," replied the impecunious suitor. "I'm a luxury myself."—Philadelphia Record.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a "good Samaritan," to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do." I. F. MOORE, 1352 Fairfax Ave., Bridgeport, Conn.

Headache, Neuralgia, Sciatica, Backache, Stomachache, Bearing Down Pains, Rheumatic Pain, or Pain from any cause yields readily to the soothing influence of Dr. Miles' Anti-Pain Pills upon the nerves, the irritated condition of which causes the pain. Harmless if taken as directed, and leave no disagreeable after-effects.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Sunday excursions for working girls will be conducted by a New York pastor.

Pensacola's dream of Bliss is becoming a nightmare to some of the grafters of that city.

A colored man of Jacksonville will test the Jim Crow law regarding the riding of whites and blacks on street cars.

Tampa had better watch out, as that Jacksonville exposition, which is now before the people, will be opened some time during the coming fall.

The sidewalk on East Union street is still in need of the attention of the street commissioner. Let the work be well done on all sidewalks when undertaken.

Four women were connected on one telephone line in an Eastern city, and now not one of them will speak to the other, and each one accuses the others of eavesdropping.

The Tampa Bay Hotel grounds will make a fine place for holding the fair and the speed contests will be an attraction that will draw large crowds, as many fine horses will be there.

Some of the shade trees and shrubbery about the city should be trimmed up, so as not to interfere with pedestrians passing along the sidewalks. A little work in this line would add to the looks of many streets.

The Russian government wants all the mutineers shot, but it will have to hire some one to do the cowardly work besides the soldiers in the army, who, when commanded to fire, turned and shot down the officers who gave the command.

There is not a newspaper in Florida but what will give the Mid-Winter Fair, to be held at Tampa November 15th to 30th, all the way from five to fifty dollars' worth of advertising and never expect a dollar in return. The idea that it is a "money-making scheme" is not entertained by but few, if any, publishers in the State. But why the newspapers should do all the advertising for nothing, running from forty to fifty dollars per month for four or five months, is one of those things which we can't make out, unless it is because the State pays the premiums and the papers are expected to pay the rest.

The Sun cannot refrain from commending the employment of white teachers to instruct negroes, especially in the South, where the color line is so closely drawn. It was all right to do so immediately following the freeing of the colored man, and for several years thereafter, but now that there is a sufficient number of colored men sufficiently qualified to instruct the more educated members of their race they should be employed to do the work. The colored people resent the employment of white teachers to instruct them, just as white people would object to being taught by negroes, and it is high time that the objectionable practice should cease.

HIGHLY APPRECIATED.

Mrs. H. H. McCreary is in receipt of the following highly appreciated congratulatory letter from Mrs. Hudson, wife of Senator F. M. Hudson, upon Gainesville securing the University:

"TIBBALS, Fla., July 8, 1905.

"MY DEAR MRS. MCCREARY: I have just heard that Gainesville has been awarded the University, and, so happy am I for you, I have dropped my packing long enough to offer congratulations. Mr. Hudson joins me in wishing for Gainesville and the University unprecedented prosperity.

"Had this result been foreseen, I doubt if some of the staunchest advocates of the Buckman bill would have been so strenuous in their efforts.

"With regards to Mr. McCreary and love for you and Elmer,

"Cordially your friend,

"NORA ANDREWS HUDSON."

It is no wonder that Gainesville was successful in securing the University when such ladies as Mr. Hudson favored her. She is possessed of that amiable disposition which makes friends of everyone, and her sweet voice was an attractive feature of the services at the Methodist church during the last session of the Legislature.

Senator Hudson, who represented Brevard and Dade counties, was also a good friend of East Florida Seminary and opposed the Buckman bill because he believed it was against the best educational interests of the State. He was one of the ablest members of the last Senate and immediately stepped to the front as a leader. Should he decide to remain in public, we predict that Senator Fred. M. Hudson will ere long be called to higher positions in the affairs of State.

FROM THE STATE PRESS.

Gainesville has been chosen as the location for the new State University and Dr. Andrew Sledd as its president. Florida should now unanimously and loyally support this institution and make it the greatest place in the South. There are great possibilities in the future and Florida should realize on them.—Tampa Herald.

While the selection of Gainesville is more than acceptable to The Globe—its preference having been based upon the peculiar geographical and altitudinal advantages possessed by it for such an institution—we are not so silly as to lay claim to one iota of influence over the Board of Control or to be in the least responsible for its selection. And this can, in truth, be said of any and every other publication in the State of Florida.—Tampa Globe.

Although it is a physical impossibility to please everyone, it is the general sentiment all over the State that the two boards did only what they thought was for the very best interest of the State of Florida in locating the colleges. Now that it has been decided we should do all in our power to help carry this important movement to a most successful end. The gentlemen constituting these boards went into this matter carefully and without fear or favor and acted accordingly.—Tallahassee Daily Capital.

The Board of Control of the State colleges met in Tallahassee last Friday, and by a vote of 6 to 4 located the State University at Gainesville. The Female College will be at Tallahassee. Prof. Andrew Sledd will be president of the University, and Prof. A. A. Murphree president of the Female College. The Deaf and Dumb Institute will likely remain at St. Augustine. We congratulate the lucky cities, and it now behooves every citizen to assist in building up these higher schools so that we may have State colleges for our boys and girls that will be the equal of any in the South.—Live Oak Crescent.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & Co., Props., Toledo, Ohio.

Depth to Plant a Tree.

"As to the depth to plant a tree," says Suburban Life, "it seems to be the general idea that the future prosperity of the tree is proportionate to the depth and firmness with which it is placed in the ground, and the percentage that plant too shallow is almost too insignificant to be worth considering, for the sinning is all in the opposite direction. Look for the mark made by the earth on the trunk of the tree when it stood in the nursery, and, going by that, although it may seem shallow to you, you will make no mistake. The roots want warmth, light and moisture, such as they receive when placed properly, but when hermetically sealed two to three feet in the ground it is impossible to develop any vigorous root action while contending against the terribly handicapping conditions. Give your tree plenty of feeding ground, plenty of good fibrous earth, and if the place of planting is not naturally suitable dig it out deep and put in what is needed."

The Story of the Quinine Tree.

The quinine bearing trees named by Linnaeus cinchona were so called in honor of Ana, countess of Chinchona, vicereine of Peru, in 1629, a Spanish lady whose first husband was twice viceroy of Mexico and once of Peru, and her second also viceroy of Peru. While in Lima she fell ill of an ague, from which she was relieved by the powder of a bark given to her physician by a Peruvian noble, whom it had cured some years before, and when she returned to Europe she took with her a quantity of this bark. She died before reaching Spain, but it was owing to her cure and the measures she had taken to make known the remedy that quinine was first introduced into Europe, where the knowledge of its virtues was soon spread by the Jesuits. The name properly should be, according to the Spanish, chinchona, but it is rarely so spelled.

Trees.

Trees have about them something beautiful and attractive even to the fancy, since they cannot change their places, are witnesses of all the changes that take place around them and as some reach a great age they become, as it were, historical monuments, and, like ourselves, they have a life, growing and passing away, not being inanimate and unvarying, like the fields and rivers. One sees them passing through various stages and at last, step by step, approaching death, which makes them look still more like ourselves.—Humboldt.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

AN OPEN LETTER

From Dr. J. L. Kelley to Prof. J. A. Ormond.

Prof. J. A. Ormond,
Principal of the Negro School,
Tallahassee, Fla.

Sir: Your article under date of July 1st, which appears in today's paper, is a surprise to me; not on account of the sentiment and motive therein contained, (for I would expect just such an effusion from your fertile brain) but for the fact that you have doffed your pretentious mask, come out of your hiding, and signed your true name to your masterly production. Your boldness rather arouses a little admiration. I am much pleased to see that I described you so perfectly that you were forced to recognize yourself. I am also a little elated over the correctness of my diagnosis. Mr. Ormond, the instruction that I gave and asked the gentleman to deliver to you, was written on April 9th, and the application I received from you was dated April 24th. After that you accepted the appointment, and later declined, giving as your reason that you did not know that the term would be five months, which you said would prevent you from teaching an eight months' term elsewhere, etc.

Now as to Prof. Bonner. He was asked for by Mr. Doke, but he is not teaching at Santa Fe. I did write a letter for him "to whom it might concern," and now I am writing one for you. I might have mailed this to you, but, in a recent letter from you, you informed me that you would not consider a reply from me. I guess the apparent rudeness is due to the fact that your hands and heart are full looking after your agreeable charge. In this personal letter you use the following language: "The co-operation of the cheap editorial crew of the dirty sheet known as The Gainesville Sun." In today's paper you say: "Please grant me a short space in the columns of your valuable paper." The high place you are occupying seems to have made you double-sided and big-headed. I am further confirmed in this opinion by your expressed contempt for "saw mill graduates" and "defunct pill-rollers." I guess you have the same feeling towards other honorable callings. You and I have different ideals, or, as you say, "we understand each other." I have owned and worked in a saw mill for an honest living, hence my sobriquet. You, a 2x4 professor, in charge of a negro school, and when your term is out you will glory in being an emeritus professor, which I am inclined to think will cause you to become "defunct." In spite of your animus, I am sorry to see that you have become so much imbued with the spirit of commercialism that you would forget yourself enough to accept the charge of a negro school and then in the press boast about it. You say "it is a significant fact that my opportunities are not limited by boundaries of any particular county, and it is a fact of which I am a trifle proud, that in the face of my being 'turned down' by Dr. Kelley and his board, I was the first teacher in the State to receive recognition at the hands of the State Board of Education and Board of Control, a body almost as eminent as the Alachua County Board of Public Instruction." You should profit by the following lines from Burns:

O would some power the giftie gi'e us,
To see ourselves as others see us;
It would from many a blunder free us,
And foolish notion.

The brave, generous, proud and chivalrous man and womanhood of our Southland will never tolerate social equality in any form. Not even the iron heel of the carpet-bagger, supported by the Federal bayonet, could force it on us in the reconstruction period. No power on, or beneath the earth, can force us to accept it. We will not have it. The races must be separate in churches, schools, hotels and railroad coaches. Professor, you should have allowed Young, Days or some other negro to have had the principalship of that negro school over which you preside. They are equally as competent as yourself. Self-respect should have caused you to have declined. No negro shall teach a white school in Alachua county, and to this you doubtless say "Amen."

Then why should you forget our sacred institutions and customs and worship at the shrine of commercialism?

As a "defunct pill-roller" I feel constrained to advise you to use freely Saponis and Labarraque's Disinfecting Fluid on your person and raiment, and for your mental improvement read freely our glorious Southern History, and Thomas Dixon's Clansman. These will teach you of our proud heritage, made so by the blood and sufferings of our ancestors. Dixon will tell you of the hidden Empire that conquered the despotism that attempted to force upon us social equality.

Respectfully,
J. L. KELLEY.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

NELSON WAS IN TROUBLE.

Was Cut and Shot, His Horse Injured, and He Was Left for Dead.

A. D. Nelson, a colored man of Campville, got mixed up with some trouble on the Fourth of July which resulted seriously for him, as he is "cut up a site to see," as the Georgia Cracker expressed it in writing to a railroad company regarding a cow one of their locomotives had put out of business.

Nelson states that two colored men by the name of Starke fell out with him about a cow on the 4th inst., and both jumped on him and cut him severely, afterward shooting him and leaving him in the road for dead. He was riding a horse, and the animal was also injured.

The men were arrested, and were placed under a bond for their appearance before Justice James Dyess next Wednesday.

Nelson has employed Judge J. A. Carlisle to defend him.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1. Sold by W. M. Johnson.

Weak Human Nature.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a "good Samaritan," to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do." I. F. MOORE, 1352 Fairfax Ave., Bridgeport, Conn.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Sunday excursions for working girls will be conducted by a New York pastor.

Pensacola's dream of Bliss is becoming a nightmare to some of the grafters of that city.

A colored man of Jacksonville will test the Jim Crow law regarding the riding of whites and blacks on street cars.

Tampa had better watch out, as that Jacksonville exposition, which is now before the people, will be opened some time during the coming fall.

The sidewalk on East Union street is still in need of the attention of the street commissioner. Let the work be well done on all sidewalks when undertaken.

Four women were connected on one telephone line in an Eastern city, and now not one of them will speak to the other, and each one accuses the others of eavesdropping.

The Tampa Bay Hotel grounds will make a fine place for holding the fair and the speed contests will be an attraction that will draw large crowds, as many fine horses will be there.

Some of the shade trees and shrubbery about the city should be trimmed up, so as not to interfere with pedestrians passing along the sidewalks. A little work in this line would add to the looks of many streets.

The Russian government wants all the mutineers shot, but it will have to hire some one to do the cowardly work besides the soldiers in the army, who, when commanded to fire, turned and shot down the officers who gave the command.

There is not a newspaper in Florida but what will give the Mid-Winter Fair, to be held at Tampa November 13th to 30th, all the way from five to fifty dollars' worth of advertising and never expect a dollar in return. The idea that it is a "money-making scheme" is not entertained by but few, if any, publishers in the State. But why the newspapers should do all the advertising for nothing, running from forty to fifty dollars per month for four or five months, is one of those things which we can't make out, unless it is because the State pays the premiums and the papers are expected to pay the rest.

The Sun cannot refrain from condemning the employment of white teachers to instruct negroes, especially in the South, where the color line is so closely drawn. It was all right to do so immediately following the freeing of the colored man, and for several years thereafter, but now that there is a sufficient number of colored men competently qualified to instruct the less educated members of their race they should be employed to do the work. The educated people resent the employment of white teachers to instruct them, just as white people would object to being taught by negroes, and the sooner the objectionable practice should cease.

HIGHLY APPRECIATED.

Mrs. H. H. McCreary is in receipt of the following highly appreciated congratulatory letter from Mrs. Hudson, wife of Senator F. M. Hudson, upon Gainesville securing the University:

"TIFFIN, Fla., July 8, 1905.

"MY DEAR MRS. MCCREARY: I have just heard that Gainesville has been awarded the University, and, so happy am I for you, I have dropped my packing long enough to offer congratulations. Mr. Hudson joins me in wishing for Gainesville and the University unprecedented prosperity.

"Had this result been foreseen, I doubt if some of the staunchest advocates of the Buckman bill would have been so strenuous in their efforts.

"With regards to Mr. McCreary and love for you and Elmer,

"Cordially your friend,

"NORA ANDREWS HUDSON."

It is no wonder that Gainesville was successful in securing the University when such ladies as Mrs. Hudson favored her. She is possessed of that amiable disposition which makes friends of everyone, and her sweet voice was an attractive feature of the services at the Methodist church during the last session of the Legislature.

Senator Hudson, who represented Brevard and Dade counties, was also a good friend of East Florida Seminary and opposed the Buckman bill because he believed it was against the best educational interests of the State. He was one of the ablest members of the last Senate and immediately stepped to the front as a leader. Should he decide to remain in public, we predict that Senator Fred. M. Hudson will ere long be called to higher positions in the affairs of State.

FROM THE STATE PRESS.

Gainesville has been chosen as the location for the new State University and Dr. Andrew Sledd as its president. Florida should now unanimously and loyally support this institution and make it the greatest place in the South. There are great possibilities in the future and Florida should realize on them.—Tampa Herald.

While the selection of Gainesville is more than acceptable to The Globe—its preference having been based upon the peculiar geographical and altitudinal advantages possessed by it for such an institution—we are not so silly as to lay claim to one iota of influence over the Board of Control or to be in the least responsible for its selection. And this can, in truth, be said of any and every other publication in the State of Florida.—Tampa Globe.

Although it is a physical impossibility to please everyone, it is the general sentiment all over the State that the two boards did only what they thought was for the very best interest of the State of Florida in locating the colleges. Now that it has been decided we should do all in our power to help carry this important movement to a most successful end. The gentlemen constituting these boards went into this matter carefully and without fear or favor and acted accordingly.—Tallahassee Daily Capital.

The Board of Control of the State colleges met in Tallahassee last Friday, and by a vote of 6 to 4 located the State University at Gainesville. The Female College will be at Tallahassee. Prof. Andrew Sledd will be president of the University, and Prof. A. A. Murphree president of the Female College. The Deaf and Dumb Institute will likely remain at St. Augustine. We congratulate the lucky cities, and it now behooves every citizen to assist in building up these higher schools so that we may have State colleges for our boys and girls that will be the equal of any in the South.—Live Oak Crescent.

Depth to Plant a Tree.

"As to the depth to plant a tree," says Suburban Life, "it seems to be the general idea that the future prosperity of the tree is proportionate to the depth and firmness with which it is placed in the ground, and the percentage that plant too shallow is almost too insignificant to be worth considering, for the sinning is all in the opposite direction. Look for the mark made by the earth on the trunk of the tree when it stood in the nursery, and, going by that, although it may seem shallow to you, you will make no mistake. The roots want warmth, light and moisture, such as they receive when placed properly, but when hermetically sealed two to three feet in the ground it is impossible to develop any vigorous root action while contending against the terribly handicapping conditions. Give your tree plenty of feeding ground, plenty of good fibrous earth, and if the place of planting is not naturally suitable dig it out deep and put in what is needed."

The Story of the Quinine Tree.

The quinine bearing trees named by Linnaeus cinchona were so called in honor of Ana, countess of Chinchona, vicereine of Peru, in 1629, a Spanish lady whose first husband was twice viceroy of Mexico and once of Peru, and her second also viceroy of Peru. While in Lima she fell ill of an ague, from which she was relieved by the powder of a bark given to her physician by a Peruvian noble, whom it had cured some years before, and when she returned to Europe she took with her a quantity of this bark. She died before reaching Spain, but it was owing to her cure and the measures she had taken to make known the remedy that quinine was first introduced into Europe, where the knowledge of its virtues was soon spread by the Jesuits. The name properly should be, according to the Spanish, chinchona, but it is rarely so spelled.

Trees.

Trees have about them something beautiful and attractive even to the fancy, since they cannot change their places, are witnesses of all the changes that take place around them and as some reach a great age they become, as it were, historical monuments, and, like ourselves, they have a life, growing and passing away, not being inanimate and unvarying, like the fields and rivers. One sees them passing through various stages and at last, step by step, approaching death, which makes them look still more like ourselves.—Humboldt.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A MUSE IN EVOLUTION

THE ELEMENTS OF THE HUMAN HEAD AND THEIR ORIGIN.

Those of Them That Can Be Traced Appear to Have Been Developed in Animal Life That Is of a Higher Order Than That of the Fishes.

The origin of all the elements of the human head cannot be traced. It is almost certain, however, that they have been developed in the life above the fishes. Among the fishes the head is not yet distinctly separated from the rest of the body; there is no neck, and in the very highest forms the creature must move the whole body in order to obtain a new field of vision. The head of the fish is imperfect in other ways. To it are attached the breathing organs in the shape of gills, which require a complicated system of machinery to aid their functions; the instruments of smell and sight are generally pretty well elaborated, but the hearing is in the keeping of a very rude machinery which does its work inadequately. The voice, which hereafter is a part of the head machinery, is indistinct and quite inarticulate.

The next step in advance is gained when the fishes pass into the reptiles. Here we find something like a neck and a head; the ennobled part of the body is more distinctly separated from that which serves the lower functions. In the reptiles the head is fairly finished. Every essential feature, except perhaps the outer ear, that exists in the higher mammalia, is at least suggested, and there is nothing to be eliminated in the further advance. Nevertheless, man sees in the reptile the lowest creature of the series that contains the same bodily elements with himself, the type of all possible degradation, and views it with instinctive abhorrence.

From the reptiles advance to the higher forms is made on two distinct lines. On the one we are led to the birds, on the other to the mammals. Though closely akin in structure, there is a wide spiritual gap separating the reptiles and birds. We pass from dull and senseless things to creatures which are the embodiment of emotional activity. The mental activity of birds finds expression not only in their marvelous voices, but for the first time the face becomes the instrument of a considerable range of expression. Although the reptiles may convey some idea of rage by their menacing jaws and by their movements, the face is so rigid that there is little to choose between the expression of the animal when alive and when dead, whereas in the bird the change is so great that it may be pathetic.

The first clear premonition of the human face is found among the monkeys. We see here this part beginning to adjust itself, as it were, for a higher destiny. The jaws become shorter, the mouth diminishes in size, the nose, which hitherto has been flat, in some species begins to assume a distinct human outline; the eyes are closer together and the eyebrows are somewhat better defined; the hair, although still covering the face, grows so as to separate it more sharply from the head; but, above all, there come a larger development of the facial muscles and a play of countenance greater than that of the lower animals.

It may indeed be asserted that the faces of monkeys are more expressive than those of the lower races of men for the reason that, having no articulate speech, they are compelled to signify by grimace much that human beings convey by language. Although the vocabulary of the inferior races may be small, it is nevertheless sufficient for the expression of the limited range of their ideas and emotions and no longer requires grimace as an aid. According to this theory, the first result of speech would therefore be to limit the mobility of the face, but with the higher races the scope of ideas and emotions is such that the voice, a most important organ of expression, cannot meet the demands of the mind, and in consequence the face becomes obedient to the soul.

The lifting of the forehead and the accentuation of the chin have perhaps more than any other modification given to the human face its erect and commanding appearance. The distance from the eyes to the ears has also steadily increased and the height of the countenance compared with the width become greater. This particular modification appears in all races in the ascending grade of culture. The most remarkable transformation observed in passing from the authropoids to man is found in the hairy coverings of the face. The localization of this hair, although a characteristic feature of man, is indicated in the lower forms. With the monkeys, for instance, the lower part of the face of the male is in certain species covered by a beard. The change in the hairy covering of man is not so much a matter of diminution as of distribution. If the nine inches of growth which is said to take place each year in the hair of the head and beard were spread over the entire body the [illegible] is covered as thickly

ifested in blushing. This phenomenon, together with the sentiments which give rise to it, is confined to man.—International Quarterly.

THE WEARING OF BEARDS.

At One Time a Tax Was Exacted For the Privilege.

In days gone by the wearing of a beard was a privilege that had to be paid for, the tax on every beard of a fortnight's growth being 3s. 4d. in the gracious days of Queen Elizabeth. For over half a century the monarchs of Russia made their male subjects who wore beards pay into the national exchequer. This tax was imposed by Peter the Great in 1705, the nobles having to disburse 100 rubles and the lower classes 1 kopeck. The tax on beards was kept up by Peter's four successors on the throne of all the Russias, and it was finally repealed in 1762 by Catherine II. France, too, at one time imposed a beard tax upon the clergy, which was paid by those who could afford it, although the large majority had to yield to the razor's onslaught.

In the fourteenth century shaving was popular with young men, while the old men were attached to forked beards. The latter custom is referred to by Chaucer, who in describing an assembly says, "A merchant was there with a forked beard." Beards were worn in various shapes and forms during the reigns of Elizabeth, James I. and Charles I., as the poems, plays and other literary productions of those periods amply testify. In his "Anatomie of Abuses" Stubbs alludes to the barber who was accustomed to ask his client whether he wished his beard "cut to look terrible to your enemy or amiable to your friends, grim and stern in countenance or pleasant and demure."

William Harrison, a clergyman from whom one gains many peeps at the sixteenth century, refers to some of the styles of beards at that period. If a face happened to be "platter-like," a long, slender beard would make it seem the narrower. If it be weasel beaked, then "much hear left on the cheekes will make the owner looke like a bowdied hed and so grim as a goose."—London Standard.

BUTTER WEIGHT.

What One Observer Learned From a Visit to a Grocery.

Live and learn. I heard a respectable looking, motherly soul, making purchases for the family, say to the grocer, "Be sure to give me butter weight, now, for I've been a long time customer of yours." "Certainly, Mrs. MacLaren," he replied cheerily, "you are entitled to it if any one is." Yet she bought no butter.

"What is butter weight?" I inquired when she had gone. "Why, that's just a little sop we hand out to some of our old customers," said the salesman. "Instead of making an exact pound of anything they buy we make it a fraction over, which tickles them nearly to death. Of course we are particular to let them see they are getting more than their money's worth; hence we keep their trade."

I next asked how the store made up for this extra allowance. "That's dead easy," was the reply, "but as it is a trick of the trade I don't think we ought to tell everybody." "Perhaps other customers receive short weight?" "If they do, we don't let 'em know it."

"Maybe your prices are just a fraction over the market?" "Never! We sell cheaper than anybody." "Maybe your goods are inferior?" At that he quailed.

Referring to a dictionary, I learned that butter weight is an allusion to a custom of exacting seventeen or eighteen ounces or even more to the pound of butter, possibly on the ground that the water in it would soon evaporate and bring the pound down to sixteen ounces. In Scotland tron weight (twenty-one to twenty-eight ounces to the pound) was used in buying butter.—New York Press.

Luck and Labor.

Luck is ever waiting for something to turn up; labor, with keen eyes and strong will, will turn up something. Luck lies in bed and wishes the postman would bring him the news of a legacy; labor turns out at 6 o'clock and with busy pen and ringing hammer lays the foundation of competence. Luck whines; labor whistles. Luck relies on chance, labor on character.—Richard Cobden.

Deceived.

Mrs. Blinkers—What! Going away? Why? Servant—Please, mum, when I come yesterday you gave me the keys to your trunks and drawers and chests and jewel boxes to keep for you. Mrs. Blinkers—Yes, I did that to show that I trusted you. What is the matter? Servant—There don't one of 'em fit.—New York Weekly.

"Let me see," murmured his wife. "Oh, yes, I remember now. Why, we discussed that woman who recently [illegible]

STAGE REALISM.

Why Joe Jefferson Didn't Have a Real Dog Schneider.

It was the privilege of the writer years ago to attend a reception at which Joseph Jefferson spoke on the drama. His treatment of the subject was interesting, the utterance of a man who knew the art of which he spoke. But the most interesting part of the hour came after the completion of the formal address, when an opportunity was given to the audience to ask any questions they wished of Mr. Jefferson. Soon the familiar topic was introduced, the effect of the modern elaboration and realism in stage setting. Mr. Jefferson at once rose to the question. He spoke somewhat rapidly, with a quaint humor and sympathetic charm that were irresistible. He characterized the modern fashion of stage setting as "a tribute to the weakness of the human imagination." "I am often asked," he went on, "why I do not have a real dog Schneider. But if I did none of you would be satisfied. You would go home saying, 'Well, Schneider never looked like that dog!' You love Schneider because you have made him out of a piece of your own heart. And then," meditatively, "if I had a real Schneider some one in the gallery would probably whistle to him at the critical moment, and he would bark and spoil the play. While if he knew his part perfectly and did just what Schneider ought to do"—pausing and with his delightful smile—"Schneider would be the hero and not Rip!" Then, with a twinkle of the eye, he summed up the whole matter with the quiet remark, "Realism with a tail to wag in the wrong place is a dangerous thing."—New York Post.

Flax.

Linen is made from the fiber of flax, the very finest product being the French and Irish, German and Russia following in order. In this country an attempt has been made to raise flax, but it has not been successful. Flax requies a constantly damp climate and cannot be induced to bunk anywhere else. Some flax is raised here, but not enough to make it of commercial value. Nothing is grown and finished.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M. Johnson.

Kerosene Engine.

Absolutely the safest and most economical power now on the market. All sizes—1½ to 20 horse power. Write for prices.

This engine is not a "Jack at all trades" with dynamos or batteries and sundry triggers to keep you "puzzled," but it IS a "Cracker Jack" to do your work, and no mistake. Sold under full guarantee or your money back. Simplicity itself.

GEO. W. MOYER,

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

Chicagoans Capture Whist Trophy.

Chicago, July 12.—Chicago has captured the silver shield trophy presented by the Brooklyn Whist club, play for which was the opening feature of the congress of the American Whist league, now in session here. Three 12-men teams representing the Chicago, Northwestern and New York Whist associations participated, the Chicagoans winning by half a match.

Yard Conductor Killed.

Chattanooga, Tenn., July 12.—A collision of freight engines ocurreed at the Citico freight yards of the Southern railroad system in this city at an early hour today. J. C. Blackwell, yard conductor, was killed and George McClure, a switchman was probably fatally injured. Five freight cars were smashed into kindling wood.

Good for Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets have done me a great deal of good," says C. Towns of Rat Portage, Ontario, Canada. "Being a mild physic the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by all druggists.

Trousers Makers Strike in Gotham.

New York, July 12.—The trousers makers' union has struck for an advance in wages, a ten-hour work day, and recognition of the union. There are 8,000 trousers makers out in 250 shops. The children's jacket makers' union, which has a membership of 5,000 has ordered a general strike to go into effect today for higher wages and recognition of the union.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's best for burns, cuts and wounds. Ap

Hobson to Run for Congress.

Montgomery, Alabama, July 12.—Judge J. C. Wood, of Mt. Willing, Lowndes county, was in Montgomery Monday and gave out the first formal announcement in this city that Captain Richmond P. Hobson would again oppose J. H. Bankhead for the Democratic nomination as congressman from the sixth Alabama district. Judge Wood is a close personal friend of the hero of the Merrimac. He was passing through here enroute from Chicago to his home and chanced to meet Captain Hobson who was out on a lecture tour. The intimation is that there will be severad candidates in the field.

Prospects for Cotton Crop Poor.

Jackson, Miss., July 12.—The week just closed has not been at all favorable to the cotton crop in Mississippi. Over a greater portion of the state showers have been frequent and copious, preventing farmers from getting their crops free of weeds and grass, while in the lowlands the rains have been so heavy that many fields have been abandoned altogether. Cotton, as a rule is small, unhealthy in color and showing no signs of fruition.

180 Miners Entombed.

Cardiff, Wales, July 12.—An explosion occurred today at the Watertown colliery, Rhondda Hill, while 180 men were in the pit. Comunication with them is cut off. A loud explosion was heard at noon followed by the belching of clouds of smoke and dust from the colliery. The manager descended but has not yet returned. It is feared that the 180 entombed men were killed.

Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

AN ORDINANCE.

An Ordinance to be Entitled "An Ordinance to Provide for An Election to Determine Whether or Not Bonds Shall be Issued for the Purpose of Securing Educational Advantages and Facilities in or Adjacent to Said City."

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GAINESVILLE, FLORIDA:

Section 1—The Mayor is hereby directed to issue his proclamation calling a special election to be held on the 8th day of August, 1905, to decide whether or not the issuance of the bonds provided for by this Ordinance shall be, at that time, approved by the registered voters of said city at such election.

Section 2—The Mayor and City Council of the City of Gainesville, in their corporate capacity, shall issue bonds of said city in denominations of One Thousand Dollars, and for the total amount towit: Fifty Thousand Dollars, and to become due and payable as follows, towit: Twenty Thousand Dollars in 10 years from date of issue, and Fifteen Thousand Dollars each succeeding 10 years thereafter until the full amount thereof shall have been paid, in regular numerical order. Said bonds to bear interest at the rate of five per cent per annum, payable semi-annually, and the interest and principal of said bonds shall be payable at the bank of H. F. Dutton & Company in said city; and such bonds shall have engraved interest coupons attached thereto, payable at the end of periods of six months from the date of the bond; said bonds shall be engraved under the direction of the Mayor and City Council of said city, and shall be executed by the Mayor and President of the City Council, and shall bear the corporate seal of said city. Said bonds shall be sold at not less than par and delivered in amounts as the proceeds are needed to pay for the purposes hereinafter provided for.

Section 3—The purpose to which the proceeds of the bonds provided for in the preceding section are to be applied are the following, viz: To acquire, build or purchase a building or buildings for school purposes or otherwise secure educational advantages and facilities in or adjacent to said city.

Section 4—That this Ordinance shall be published in full in a newspaper published in said city for thirty days after its passage and approval, and along with the publication of this Ordinance there shall be published therewith, at the same time, in the same newspaper and for a period of thirty days, the Mayor's proclamation calling the special election provided for in section one of this Ordinance.

Section 5—The ballots to be used at said election shall have printed thereon the words, "For Educational Bonds," and "Against Educational Bonds." Such election shall be called and held and the returns thereof shall be canvassed as other city elections are usually called, held and the returns thereof canvassed. If the majority of the votes cast at said election shall be "For Educational Bonds," then such bonds shall be issued in compliance with the terms and provisions of this Ordinance; if the majority of the votes cast at such election shall be "Against Educational Bonds," then no such bonds shall be issued.

Passed City Council July 3, 1905.
G. K. BROOME,
President City Council.
Approved by me this 3rd July, 1905.
W. R. THOMAS, Mayor.

Notice of Election.

Under and by virtue of the power and authority vested in me, I, W. R. Thomas, as Mayor of the City of Gainesville, Florida, do hereby call a special election to be held in said City of Gainesville, on the 8th day of August, A. D. 1905, for the purpose of deciding whether or not the issuance of the bonds provided for by the Ordinance published herewith shall be at that time approved by the registered voters of said city at such election.

The polling place for said election shall be in the rear of the Municipal Building on East Main and Masonic streets.

The polls shall open at 8 o'clock a. m. and close at sundown of said day.

W. L. Hill, W. S. McDowell and D. A. Robertson are hereby appointed inspectors, and F. E. Miller clerk, of said election.

Witness my hand and the seal of said City of Gainesville, Florida, this 3rd day of July, 1905.

Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

In compliance with an order of the Board of Public Instruction, an election will be held in this city today for the purpose of choosing three trustees for Gainesville Sub-School District and for the purpose of determining the rate of millage to be assessed and collected for the next two years. The polls will open at 8 o'clock this morning and close at sunset. D. A. Robertson, F. X. Miller and J. J. Thompson will act as inspectors and C. J. Mixson as clerk. Every property owner should realize the importance of this election and be sure and vote.

C. L. McLean and his interesting little son, John, of Lauraville are again in the city and will remain here for several days. Master John, about a year ago, had the misfortune to accidentally swallow a quantity of potash that seriously affected his throat and he was brought here under the care of Dr. Phillips for several weeks. Being considerably improved he was taken home, but the trouble again broke out and his father has brought him here for treatment. Mr. McLean has many friends here who are glad to see him but who are sorry he is here on this mission. They hope, however, that the young patient will rapidly recover.

Meeting Board of Trade.

The Board of Trade held a special meeting at the council chamber Wednesday morning which was called for the purpose of considering a proposition for a page write-up of the city in The Times-Union.

J. H. Reese of The Times-Union appeared before the meeting and explained the matter, when the board referred the matter to a committee. After due consideration it was decided that the board would not take action just at this time.

Venable Not Alone.

In answering the article in The Sun of Wednesday to the effect that T. M. Venable of Arredondo was the only representative of Stonewall Camp, U. C. V., at the Louisville reunion, Adjutant John C. McGrew says this paper was mistaken. Besides Mr. Venable, J. S. Dupuis of the Morgan Cavalry was there. Jere M. Shaw was also present, representing Stonewall Camp.

Attention, Woodmen.

The regular meeting of Alachua Camp, Woodmen of the World, will be held this evening at 8 o'clock. A full attendance is desired.

POLICE PERFECT OF MOSCOW IS KILLED

Shot Down By Assassin While He Received Petitions.

PURELY A POLITICAL CRIME

The Assassin Was Arrested Immediately But His Identity Is Unknown. Twenty Killed in Warsaw—Other Russian News.

Moscow, July 12.—Major General Count Shouvaloff, prefect of police here and formerly attached to the ministry of the interior, was assassinated this mornig while receiving petitions. One of the petitioners drew a revolver and fired three times at the prefect who fell dead. The assassin was arrested.

The assassin, who was dressed as a peasant, has not been identified. He was recently arrested as a political suspect, but escaped from the police station before his examination.

The assassin awaited in the anteroom of the prefecture till the other petitioners had been received and then entered the audience room. He advanced towards Count Shouvaloff and fired five shots at close range. The bullets passed through the body of the prefect.

Purely a Political Crime.

St. Petersburg, July 12.—The assassination of Prefect of Police Count Shouvaloff, of Moscow, today is considered to be a purely political crime as the count was not yet 40 years of age, and was regarded as being of the best type of the Russian official. He came from one of the most famous families of Russia. The count was a son of Count Peter Shouvaloff, a statesman who represented Russia at the Berlin conference, was formerly colonel of the Guard regiment, known as the St. Petersburg and was one of Emperor Nicholas personal friends. He succeeded General Zelenoi, who was extremely severe, as prefect of police at Odessa earlier in his career. Count Shouvaloff earned the esteem of all by his firm business course, making himself particularly popular with the students. The impression exists here that the count was killed for preserving order. The zemstvoists will not be allowed to meet at Moscow July 19, although this act is simply in execution of the orders of the governor general issued previous to the assassination of the prefect of police.

Twenty Rioters Killed at Warsaw.

Warsaw, Russian Poland, July 12.—Three bloody encounters between the troops and the striking shoe makers, in which about 20 persons were killed or wounded, occurred today. The strikers were marching through the city from house to house, demanding the lowering of rents by 20 per cent. Many, out of fear, complied with the demands of the strikers.

Martial Law at Tiflis.

Tiflis, Caucasia, July 12.—The thoroughfares and squares are occupied by troops, but the city has been quiet since the proclamation of martial law. The official Gazette has resumed publication

Russia to Build New Navy.

New York, July 12.—A Stil Petersburg dispatch to the World says that the navy department having resolved to build a powerful new navy, has instructed Charles M. Schwab to make plans for new wharves, giving the exact time in which the work can be completed.

JAPANESE TAKE CAPE NOTORO.

Warships Bombard and Capture Port on Sakhalin Island.

Tokio, July 11, 1 p. m.—The navy department has received the following report from Admiral Kataoka:

A per[illegible] two cruisers and four torpedo [illegible] fo left Karasakorsk July 10, with [illegible]rug on board for the purpose of [illegible]ed. The occupying Cape Notoro. [illegible] bombardment the place was taken. The light house and buildings were left under guard.

"Four prisoners were taken."

Cape Notoro is the most southerly point of Sakhalin island on LaPerouse straits, directly facing Cape Soya on the Japanese coast. It commands the straits.

Anxious to Lend Japs Money.

London, July 12.—Since the hour they opened today the banks charged with the issue of the new Japanese loan of $150,000,000 have been rushed with applicants. The indications are that the loan will be heavily over-subscribed. The rush is even greater than on the occasion of the last loan.

COMMITTEES ARE APPOINTED.

Georgia Legislators Can Now Get Down to Business.

Atlanta, July 12.—Outside of the appointment of the standing committee by Speaker Slaton, there was little important business in the house of representatives Monday.

Now that the committees have been appointed and are ready to take hold of the numerous measures which have been presented for the consideration of the legislature, it is expected that bills will be disposed of with a rush.

An interesting feature of the committee on new counties, which had been provided for. As a matter of fact, the committee on new counties in both the house and senate had been made up and the announcements were to have been made Monday.

It was discovered, however, that many of the members who had been named on these comittees were disqualified for the reason that they had promised their support, vote and influence to some one or more of the proposed new county schemes.

In the Senate.

With the exception of the announcement of the standing committees by President West Monday, little business of importance was transacted by the senate.

The senate of 1905-06 passed its first bill Monday. It was a local measure, and consequently referred to no committee. The bill was introduced by Senator Foster, of the third district, and provided that the county commissioners of McIntosh county should be elected from the county at large instead of from the different districts, as now provided.

THREE MOONSHINERS SLAIN.

Fierce Fight in the Mountains With the Revenue Officers.

Roanoke, Va., July 12.—Details have reached here from Christianburg telling of a battle between revenue officers and alleged moonshiners in Buchanan county, a brief report of which was sent out Saturday night.

The revenue men went into the mountains to capture distilleries said to be operated in violation of the law. They were met by a band of moonshiners, led by Henry Adams, and firing on both sides began.

Three moonshiners were killed and three mortally wounded and one revenue agent, Deputy Collector G. M. Tucker, was slightly injured. The dead:

Columbus Collins.
Andy Anderson.
—— Senter.

The names of the wounded moonshiners are not given.

Deaf Instructors Meet.

Morganton, N. C., July 12.—Thirty-two states, the District of Columbia and the Canadian provinces of Manitoba and Ontario are now represented in the attendance here on the American convention of the instructors of the deaf. Delegates are still coming in, and by tomorrow it is expected that the number of states represented will be increased by several and the total number of delegates will be much larger. Already there are 125 on the register of the hotel department of the school. Every southern states is represented, and every state in the middle west. Many of the delegates are mutes. The address of the president, Dr. E. M. Gallaudet, was delivered this morning. Tonight E. Stanley Thompson, of Philadelphia, delivered an interesting stereopticon lecture.

Chicagoans Capture Whist Trophy.

Chicago, July 12.—Chicago has captured the silver shield trophy presented by the Brooklyn Whist club, play for which was the opening feature of the congress of the American Whist league, now in session here. Three 12-men teams representing the Chicago, Northwestern and New York Whist associations participated, the Chicagoans winning by half a match.

Yard Conductor Killed.

Chattanooga, Tenn., July 12.—A collision of freight engines ocurreed at the Citico freight yards of the Southern railroad system in this city at an early hour today. J. C. Blackwell, yard conductor, was killed and George McClure, a switchman was probably fatally injured. Five freight cars were smashed into kindling wood.

OFFICIALS CLASHED OVER CALEB POWERS

Noted Prisoners In Hands Of Federal Authorities.

MAYOR'S TEETH KNOCKED OUT

Jailer Wanted to Place Powers in Cell Provided for Him by His Friends, But This the Mayor Objected and a Bitter Fight Ensued.

Cincinnati, July 12.—Jailer Poage and three other men are out on bail after arrest by order of Mayor Helmbold, of Newport, Ky. Policeman Flynn and Ratican are out on bond having been arrested charged with resisting United States officers in the discharge of their duty and the mayor himself was today bound over to appear on Thursday to answer a charge of resisting United States officers having surrendered himself today on learning that a warrant was out for his arrest.

These were among the results of the attempt of some of the friends of Caleb Powers, former secretary of state of Kentucky, under indictment for complicity in the murder of William Goebel, to furnish the cell that the prisoner was to occupy with more comforts than usually fall to the lot of the inmates of the Newport jail. During the fight which followed when the jailer refused to obey the mayor's order to place Powers in a cell other than that prepared for him the mayor's front teeth were knocked out, revolvers were drawn and almost the entire police force of Newport was called into action. The jailer obeyed the order of United States Judge Cochran, when that official assumed jurisdiction in the Powers case and committed Powers to the Newport jail, gave direct control over the prisoner to the jailer and that the mayor had no right or authority in the matter.

The charge against the jailer and the three men arrested with him is assault and battery and resisting an officer. The warrants against the jailer and the two policemen were issued by the United States commissioner after consultation with the district attorney, who first directed the United States marshal and the jailer to take Powers to his cell and try to keep him there. This was resisted by the two policemen, acting under orders from Mayor Helmbold, and the warrants were then issued by the commissioner.

STANDARD OIL FIGHT RESUMED

Missouri Officials Try to Oust Rockefeller from that State.

Kansas City, July 12.—The taking of testimony in the suit of Attorney General of the state to oust the Standard Oil company from Missouri was resumed here today before Judge Robert A. Anthony, the case having been transferred from St. Louis. Herbert S. Hadley, the attorney general, and two assistants represented the state.

The state charges that the defendants have entered into a combination to control the prices of oil, destroy competition. Judge Anthony was named special commissioner by the supreme court to hear the testimony and report its findings in the case after examining several witnesses he will likely go to other parts of the state for the same purpose.

Noted Murderer on Trial.

Salem, Ore., July 12—Charles Morris, a convict in the penitentiary here, is being tried here on a charge of murder. Monte was jointly indicted with Harry Wright, now incarcerated in the county jail with the charge of having supplied the outlaws. Tracy and Mercer, with ammunition and provisions to effect their escape from the prison. As Tracy killed seven men during his flight, two of them being guards of the penitentiary Morris was charged with murder, under a provision of the state law which makes an accessory before the fact a principal in the crime.

A MORNING TRAGEDY OCCURRED AT HAGUE

Officer Hague Was Compelled to Kill Man He Tried to Arrest.

MANY SHOTS WERE EXCHANGED

Officer Hague Attempted to Arrest Will Hunter Upon a Charge of Carrying Concealed Weapons—Hague Shot Five Times.

There was a tragedy at Hague Tuesday morning when Deputy Sheriff W. C. Hague, in an attempt to arrest William Hunter, was compelled to kill him to save his own life, according to reports. Deputy Sheriff Hague, it is said, was struck by balls from Hunter's pistol five times before he succeeded in bringing the man to the ground.

From the best information obtainable, it appears that Officer Hague approached Hunter and attempted to arrest him. Hunter resisted arrest and stepped backward, immediately drawing a pistol, when he opened fire. Officer Hague, realizing his danger, pulled his own pistol and began to fire, with the result that he killed his man.

Officer Hague was taken to his home and medical assistance was summoned from Gainesville. Examination showed that Hague was hit five times below the abdomen, every shot from Hunter's pistol taking effect. While the wounds are painful, the physician states that they will not necessarily prove serious and that the patient will recover.

The community regrets the occurrence, as both men are well known in the Hague settlement.

Hunter was about twenty-three years old and was the son of Hiram Hunter, a well-known farmer of that section.

The funeral of the dead man will occur today.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 401 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

A JOLLY TRIO.

Three Prominent Women Educators of Florida Receive Recognition.

In the New York American of July 6 there appears in connection with a report of the proceedings of the National Educational Association a good half-tone picture of Miss Anna Chaires, Miss Clem Hampton and Miss Hattie Lewis, "three prominent women educators of Florida."

The picture is one taken of the three grouped on the veranda of one of the noted hotels at Asbury Park. While the names of the three ladies do not figure in the published proceedings, there are few names connected with the report as it appears in The American. But just underneath the picture is the following paragraph:

"A high jumping exhibition of hurdle race effect was given by a number of the teachers at the meeting of the department of physical instruction, despite their fresh white pique skirts and billowy petticoats. The idea was to conduct an experiment of the coordination and relation of the mental forces with the physical and most of the teachers demonstrated beyond cavil that if their minds said 'jump' their muscles could respond readily to the call."

There are no names mentioned and the readers of The American, however, are at a loss to know who carried off the honors. The friends of Miss Hampton are willing to wager all they have that Miss Clem won easily.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At drug stores; price 50c and $1, guaranteed. Trial bottle free.

F. W. Barron of Evinston Sends to Gainesville a 96 Pound Melon.

When F. W. Barron, the progressive postmaster, merchant and all-round good citizen of Evinston, undertakes to do anything he goes at it in a manner which assures success, and very seldom, if ever, fails.

Mr. Barron has sent to The Sun a watermelon weighing ninety-six pounds. This melon was taken from a ten-acre field which has produced melons this season weighing from forty to ninety-eight pounds, making a fine average, and which have brought extra fancy prices in the market. Unlike the majority of melons of this dimension, the fruit is very solid, sweet and of excellent flavor. Mr. Barron is saving the seeds from this tract.

Thanks are extended to this enterprising grower for both the melon and his thoughtfulness.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

MR. LINDSAY'S HUMOR.

Wrote Rev. Thomas P. Hay a Sincere but Humorous Congratulation.

Rev. W. C. Lindsay, the eminent Presbyterian divine of Ocala, who delivered the last commencement sermon of East Florida Seminary, writes Rev. Thomas P. Hay of this city as follows:

"I want to congratulate the people of Gainesville, through you, on account of the victory gained for the University of Florida. I suppose they are glad that I preached the funeral sermon over the East Florida Seminary. That is the way they expressed it to me when I went up to perform that service."

Capt. H. M. de Montmollin of Palatka, a member of the Governor's staff, also writes Mr. Hay in congratulation.

Indigestion,

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

EVERY TEACHER A SPECIALIST

Board Exercised Every Precaution in the Selection of Instructors, and Those Who Attend This Session of the Normal Will be Benefited.

The Summer Training Normal School established by direction of the Board of Control of the University of the State of Florida, opened Monday with a good attendance. Classes are being organized for teachers and students who desire to prepare for a State, first, second and third grade certificates and for a life primary certificate.

The faculty in charge of this school is composed of the leading educators of the State. They are specialists in their respective lines of work. The opportunity is one that the teachers of the State cannot afford to lose.

The faculty is as follows:

Prof. L. W. Bucholtz, principal, psychology and pedagogy.

Dr. W. F. Yocum, Latin and physics.

Prof. I. I. Himes, Palatka High School, rhetoric, literature, composition and arithmetic.

Capt. G. M. Lynch, East Florida Seminary, geometry, algebra, trigonometry and general history.

Maj. W. L. Floyd, East Florida Seminary, botany, zoology, physical geography and physiology.

Prof. Arthur Williams, State College, civil government, United States history, composition, Florida history and orthography.

Prof. A. W. Jackson, White Springs, geography, arithmetic, algebra, orthography and United States history.

Mrs. J. B. Johnston, Dade City, grammar, reading and geography.

Mrs. Ella LaF. Hamilton, primary department.

The Board of Trade of the city of Gainesville have perfected all arrangements for the opening of the dormitories of the East Florida Seminary to the students, charging $12 a month board. This gives to the students an opportunity to secure first-class board at a nominal sum.

Those who desire to secure rooms in the dormitories should make application at once, because it is impossible to say how long the rooms will remain vacant. Quite a demand is already being made for reservations.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:—

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

MR. SHEATS APPOINTED.

Will be Principal of Gainesville Graded and High School.

Hon. W. N. Sheats, ex-State superintendent, has been tendered the principalship of the Gainesville Graded and High School by unanimous action of the board of trustees and the Board of Public Instruction for Alachua county. It is not yet definitely known whether Prof. Sheats will accept the position, but friends here are inclined to believe that he will.

Prof. Sheats is regarded as one of the most competent educators in the State, and will make of the school one of the highest standard.

Mrs. Munsinger Married.

Friends of Mrs. Munsinger of Windsor will probably learn with surprise that she was married to Rev. Mr. Howell in Philadelphia a few days ago.

The bride is well known in Windsor, where she is postmistress, and where she has resided for twenty years past. She has many friends in that section.

The groom is not so well known here at present as he probably will be, since it is learned that he will take up his abode at Windsor. He is a strong personal friend of Rev. W. E. Blackstone, the Bible Conference orator who is known here, and is said to be a man of rare literary talent.

THE NEWS FROM ARCHER.

Man Injured by Horse—Fourth of July. Town Improvements.

Archer, July 10.—George Long had the misfortune to lose a valuable horse while out riding. The horse stumbled and fell in the road, breaking his neck.

Dr. DePass has purchased a burro for his children and the little folks are having a fine time riding and driving.

All the stores closed on the Fourth and the clerks got a holiday. Sam and Guy Fleming spent the day on the Suwannee river, returning the next day. A very enjoyable picnic at the home of Mr. and Mrs. Frei in the Magnolia grounds was held and a fine time was had.

A recent improvement to the town of Archer is a board walk from the Presbyterian church to the postoffice and from the depot to the stores down town.

The foundry and machine shop of H. Maddox has been completed and started operations last week. They do casting up to 500 pounds and all kinds of lathe, planing and drill work.

Shipments of pears are going forward from here and are bringing fair prices.

Mrs. Hughes and daughter, Grace, have gone to Columbus, O., to spend the summer.

Born to Mr. and Mrs. Anderson on Wednesday morning a ten-pound boy.

Mrs. E. E. Coulson of Bradentown is visiting relatives here this week.

Mrs. Grace Reed and children of Newberry are visiting her mother here.

Mrs. Payne of Williston was visiting relatives here this week.

Mrs. Harris of Live Oak, with a sick child, is at the Magnolia Hotel. The child is being treated by Dr. DePass.

Mrs. Belle Jones and children of Laurel, Miss., are visiting Miss Alda Bauknight.

J. E. Wells is off this week for Pablo Beach for a few days' visit.

Turner Duren is spending his vacation in Lakeland and Brooksville this week.

Archer Lodge No. 62, K. of P., re-elected all the last term officers except the outer guard. The roster remains as follows: J. E. Wells, C. C.; M. H. DePass, V. C.; J. W. May, Prelate; G. S. Fleming, M. J. W.; Sam Fleming, M. A.; C. D. Wood, K. of R. & S.; R. D. Bradley, I. G.; T. Duren, O. G.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M. Johnson.

North Gainesville Improving.

It is evident that the suburb of North Gainesville has gained new life and vigor since being incorporated into the city of Gainesville. Notwithstanding that the suburb has always been progressive, being inhabited by progressive people, new confidence seems to have been restored since the territory has been made a "part and parcel" of the University City, and many improvements are being contemplated. Among these improvements is the erection of several cottages by O. B. Bailey, and the material is now being delivered upon the ground. The cottages will be modern in every way, and will no doubt rent read... at a fair price.

Forced to Starve.

B. F. Leek of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At all drug stores; only 25c.

AN OPEN LETTER

From Dr. J. L. Kelley to Prof. J. A. Ormond.

Prof. J. A. Ormond,
Principal of the Negro School,
Tallahassee, Fla.

Sir: Your article under date of July 1st, which appears in today's paper, is a surprise to me; not on account of the sentiment and motive therein contained, (for I would expect just such an effusion from your fertile brain) but for the fact that you have doffed your pretentious mask, come out of your hiding, and signed your true name to your masterly production. Your boldness rather arouses a little admiration. I am much pleased to see that I described you so perfectly that you were forced to recognize yourself. I am also a little elated over the correctness of my diagnosis. Mr. Ormond, the instruction that I gave and asked the gentleman to deliver to you, was written on April 9th, and the application I received from you was dated April 24th. After that you accepted the appointment, and later declined, giving as your reason that you did not know that the term would be five months, which you said would prevent you from teaching an eight months' term elsewhere, etc.

Now as to Prof. Bonner. He was asked for by Mr. Doke, but he is not teaching at Santa Fe. I did write a letter for him "to whom it might concern," and now I am writing one for you. I might have mailed this to you, but, in a recent letter from you, you informed me that you would not consider a reply from me. I guess the apparent rudeness is due to the fact that your hands and heart are full looking after your agreeable charge. In this personal letter you use the following language: "The co-operation of the cheap editorial crew of the dirty sheet known as The Gainesville Sun." In today's paper you say: "Please grant me a short space in the columns of your valuable paper." The high place you are occupying seems to have made you double-sided and big-headed. I am further confirmed in this opinion by your expressed contempt for "saw mill graduates" and "defunct pill-rollers." I guess you have the same feeling towards other honorable callings. You and I have different ideals, or, as you say, "we understand each other." I have owned and worked in a saw mill for an honest living, hence my sobriquet. You, a 2x4 professor, in charge of a negro school, and when your term is out you will glory in being an emeritus professor, which I am inclined to think will cause you to become "defunct." In spite of your animus, I am sorry to see that you have become so much imbued with the spirit of commercialism that you would forget yourself enough to accept the charge of a negro school and then in the press boast about it. You say "it is a significant fact that my opportunities are not limited by boundaries of any particular county, and it is a fact of which I am a trifle proud, that in the face of my being 'turned down' by Dr. Kelley and his board, I was the first teacher in the State to receive recognition at the hands of the State Board of Education and Board of Control, a body almost as eminent as the Alachua County Board of Public Instruction." You should profit by the following lines from Burns:

O would some power the giftie gi'e us,
To see ourselves as others see us;
It would from many a blunder free us,
And foolish notion.

The brave, generous, proud and chivalrous man and womanhood of our Southland will never tolerate social equality in any form. Not even the iron heel of the carpet-bagger, supported by the Federal bayonet, could force it on us in the reconstruction period. No power on, or beneath the earth, can force us to accept it. We will not have it. The races must be separate in churches, schools, hotels and railroad coaches. Professor, you should have allowed Young, Days or some other negro to have had the principalship of that negro school over which you preside. They are equally as competent as yourself. Self-respect should have caused you to have declined. No negro shall teach a white school in Alachua county, and to this you doubtless say "Amen."

Then why should you forget our sacred institutions and customs and worship at the shrine of commercialism?

As a "defunct pill-roller" I feel constrained to advise you to use freely Saponis and Labarraque's Disinfecting Fluid on your person and raiment, and for your mental improvement read freely our glorious Southern History, and Thomas Dixon's Clansman. These will teach you of our proud heritage, made so by the blood and sufferings of our ancestors. Dixon will tell you of the hidden Empire that conquered the despotism that attempted to force upon us social equality.

Respectfully,
J. L. KELLEY.

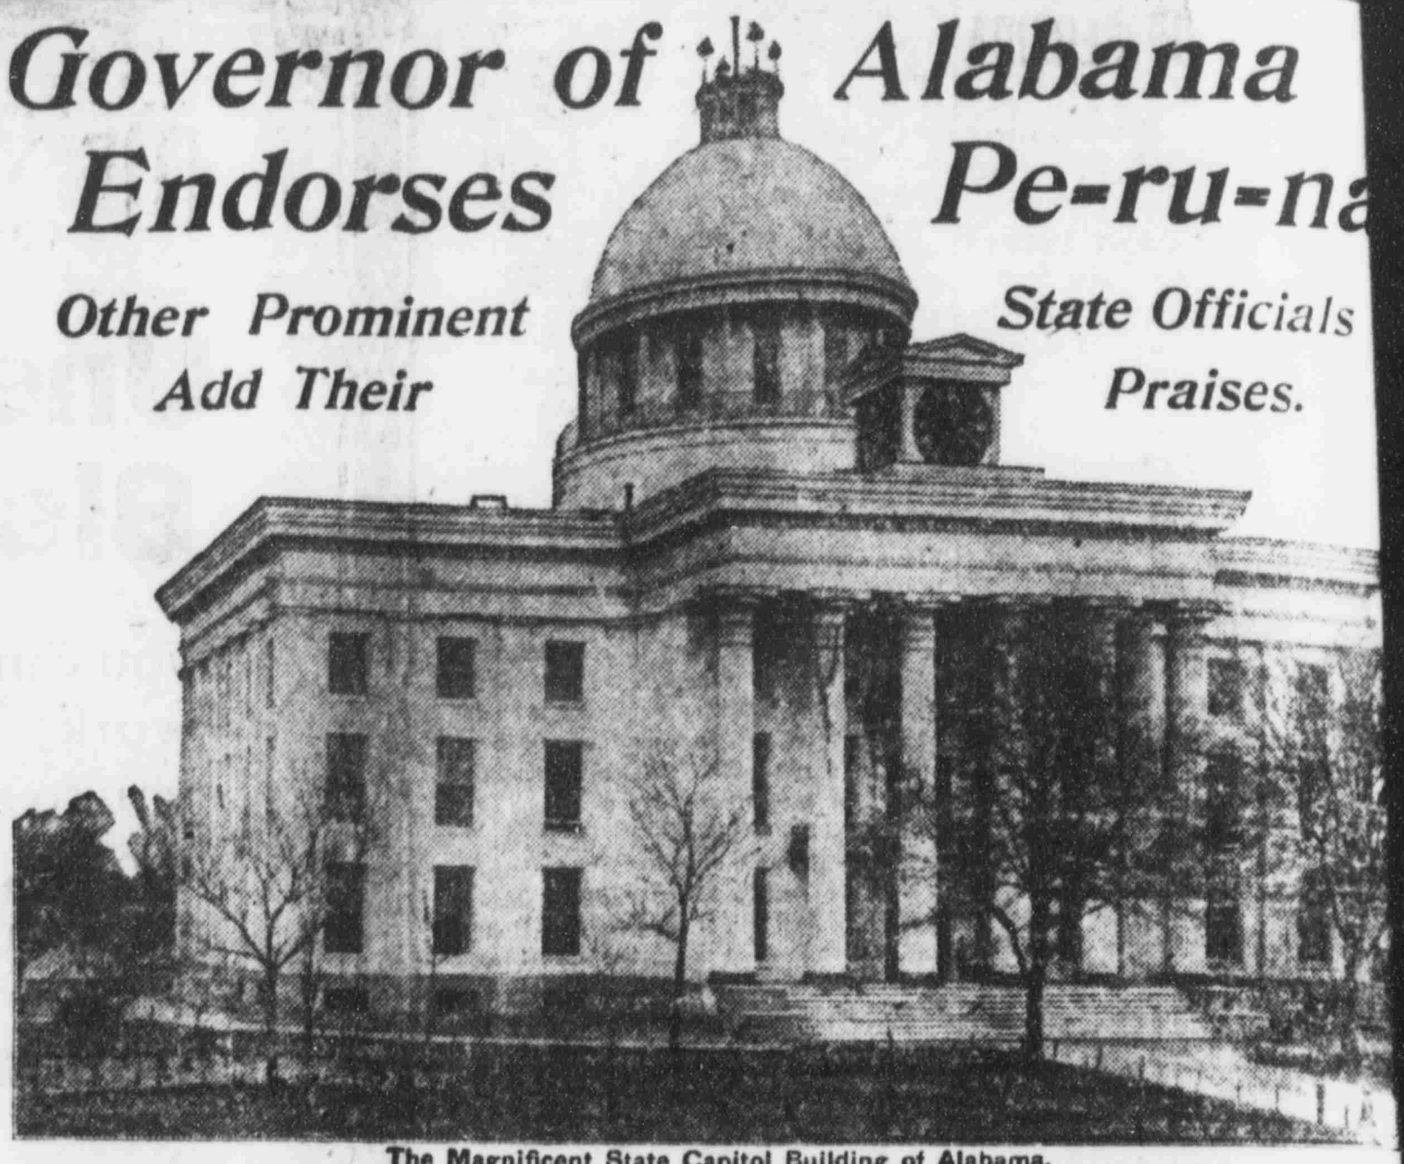
Tug Runs Down Launch.

New York, July 11.—One man was fatally hurt and six others had a narrow escape from drowning today, when the tug Oneida ran down the 40-foot naptha launch Edna, owned by Nicholas Smith in the upper bay off Twenty-sixth street, Brooklyn. M. Smith, the owner of the launch, was one of those on board at the time of the collision. He escaped injury. The tug cut the launch in two and it sank.

Governor of Alabama Endorses Pe-ru-na

Other Prominent State Officials Add Their Praises.



The Magnificent State Capitol Building of Alabama.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy.

Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment.

The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Governor of Alabama Commends Pe-ru-na.

In a letter dated July 26, 1899, written from Montgomery, Ala., Governor Joseph J. Johnston, says:

"I join Congressman Brewer in commending Peruna."—Joseph J. Johnston.

Redeemer of Public Moneys.

Hon. John C. Leftwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Leftwich.

Register United States Land Office.

Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port.

Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile.

Hon. P. D. Barker, Postmaster of Mobile, in a recent letter from Mobile, Ala., says:

"Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District.

Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama, writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it. I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District.

Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama, writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.

We cannot refrain from condemning the employment of white teachers to instruct negroes, especially where the color line is so closely drawn. It was all right to do this when following the freeing of the slaves, and for several years thereafter but now that there is a sufficient number of colored men and women educated to instruct the children and members of their race, they should be employed to do the work. The colored people resent the employment of white teachers to instruct them just as white people would resent to being taught by negroes, and we think that the objectionable practice should cease.

THE UNIVERSITY.

It is unnecessary to again refer to the honest fight we made to gain it, nor is it necessary to again praise the liberal spirit of our people, who backed Mayor Thomas and his delegation so effectually in their fight to win for our city a lasting glory.

We make no vain-glorious attempt to triumphantly shout our victory over any other city in the race for the laurel we have won. But we do feel a naturally proud spirit rise within us when we consider that one of the brightest gems at the State's disposal has been reposed in the diadem of Gainesville's ambition, and that we, her citizens, have been made the custodians of a jewel whose light we hope will flood even the darkest corners of the South with the glory of the light of Florida.

The task imposed, which we knowingly and willingly took upon ourselves when we entered the fight for the University, is not yet completed, nor will it be in the memory of man.

That we have the University is not all the fight. It has only opened the door to a greater one—the preservation of high ideals and the endowment of the institution itself with an atmosphere which will equip the youth with an ambition to become a member of its alumni. And the fight must be continued to a glorious sequential end. We must, by our endeavor, by our encouragement, and by our everlasting aid, so burnish and polish its purpose as to cause Florida to continue to fan the spark of faith she has kindled in the hearts of her people as to our fitness and worthiness to guard the jewel, so as to cause that spark to leap into a flame so great that the conflagration may paint on the skies of the South, "Gainesville, Alma Mater," as a beacon by which the youth of our State may be guided in the walk of a great, grand future—a future filled with human kindness and a true brotherhood of humanity.

Education is the keynote of progress. It stands as the great leveler of class, the great upbuilder of a people's civic righteousness. It opens the doors of all that is best and good in the world. It is a richness more priceless than the standard of dollars can measure. It makes leaders of men and counselors of women. A good leader cannot be other than a good man, and a wise counselor cannot be other than a good woman, and good women make good and great States.

Never lived there a man, profligate of his youthful opportunities of education, though he were crushed under the weight of millions of money, but what regretted in his last moments something his wealth could not buy—a great enlightenment—a noble education. It is a gift to youth by snowy age; it is the sacred endowment of a wise father and a loving mother to a hopeful future, and fits the youth to go forth into the battles for his people, for his commonwealth, with a stout, courageous heart, armored with an appreciation of duty as a gift from his parents to be handed as an heirloom to his own children.

Educational preeminence, like stately fortune, is carved by the chisel, not the axe, and perfection can only be attained by the delicate touch of a masterful hand, guided by a critical preceptor, to bring the whole statue to that rich thing of beauty that all men may admire and feel proud to own. We cannot expect to jump at once into the magic circle of the limelight of the educational arena and proclaim our institution the best; but in time, let us hope, with the active cooperation of our people, applauded by all the people of our grand State, we will earn the right to crown our effort with the motto that even those in the seats of the mighty may read, Gainesville, the Athens of the South!

GAINESVILLE TO LAKE CITY.

We offer condolence to the bereaved Lake City. You fought nobly for what you believed was your heritage, and here's to you:

Has she faults? Let them perish!
Has she virtues? Lift them high,
We can only say for Lake City
It's a good place in which to die.
—Gainesville Star.

Gainesville should not be unkind. She should lift high the olive branch and be void of offense to all neighboring cities.—Ocala Banner.

The Banner is assured that Gainesville is not unkind. Every man, woman and child in Gainesville, outside The Star office, (whose editor is unknown) condemns the four lines of doggerel which appeared in that paper of last week. The people of Gainesville, lead by Mayor Thomas, made the campaign for the location of the State University here solely upon the merits of one town. The claims of Gainesville were set forth only as could be substantiated, and we rested our case upon these claims, not upon the demerits of any other town.

Gainesville sympathizes with Lake City in her loss, instead of gloating over it, and our people regretted the necessity which forced them to fight for the town's supremacy as the educational center of Florida. The issue was forced upon us when the East Florida Seminary was abolished, and we entered the contest determined to win. Certain men furnished the club with which their own heads were cracked; but Gainesville has only the most kindly feeling for Lake City and its good people.

HIGHLY APPRECIATED.

Mrs. H. H. McCreary is in receipt of the following highly appreciated congratulatory letter from Mrs. Hudson, wife of Senator F. M. Hudson, upon Gainesville securing the University:

"TRILBY, FLA., July 8, 1905.

"MY DEAR MRS. MCCREARY: I have just heard that Gainesville has been awarded the University, and, so happy am I for you, I have dropped my packing long enough to offer congratulations. Mr. Hudson joins me in wishing for Gainesville and the University unprecedented prosperity.

"Had this result been foreseen, I doubt if some of the staunchest advocates of the Buckman bill would have been so strenuous in their efforts.

"With regards to Mr. McCreary and love for you and Elmer,

"Cordially your friend,
"NORA ANDREWS HUDSON."

It is no wonder that Gainesville was successful in securing the University when such ladies as Mrs. Hudson favored her. She is possessed of that amiable disposition which makes friends of everyone, and her sweet voice was an attractive feature of the services at the Methodist church during the last session of the Legislature.

Senator Hudson, who represented Brevard and Dade counties, was also a good friend of East Florida Seminary and opposed the Buckman bill because he believed it was against the best educational interests of the State. He was one of the ablest members of the last Senate and immediately stepped to the front as a leader. Should he decide to remain in public life we predict that Senator F. M. Hudson will ere long be called to higher positions in the affairs of State.

THE RIGHT SENTIMENT.

Senator McCreary is in receipt of a letter from Hon. D. H. Baker of Orange Home, Sumter county, which is possessed of the proper sentiment. Mr. Baker represented Sumter county in the State Legislature four terms, represented Sumter and Marion counties in the Senate and was a member of the Board of Trustees of the East Florida Seminary, filling every position with credit to himself and his constituents. Florida never had a more loyal citizen to every trust reposed in him than Mr. Baker, and a word from him is the utterance of an honest man. Following is his letter:

"ORANGE HOME, FLA., July 8, 1905.

"HON. H. H. MCCREARY,
"Gainesville.

"My Dear Senator: Because of the decision of the State Board and the Board of Control in locating the University at Gainesville, I feel that a great benefit has been done the youth of the State. The people of the State are to be congratulated much more than the citizens of Gainesville because of the location.

"Sincerely yours,
"D. H. BAKER."

Our esteemed friend has settled down to the pursuits of orange growing at his pleasant home in Sumter county, is respected by all who know him, and looks back on his past record with a feeling that he has done his duty well. We wish Florida had more of such men.

GAINESVILLE LOYALTY.

In speaking of the University of Florida and its location at Gainesville, The Tampa Herald says that "it takes something more than fine buildings and fine grounds to make a University. That something Lake City seems to have lacked and Gainesville seems to have possessed.

"Alachua county has never sent a representative to the Legislature of Florida who has not been loyal to the East Florida Seminary and its management, and we do not believe she ever will send one who will not be loyal to the new University of Florida, and who will not be a firm defender of the institution and its management whenever they are unjustly attacked on the floor of the Legislature of our State."

WAS BEWILDERED.

E. C. Smith of Ocala furniture fame, and an auto expert, returned yesterday afternoon from Gainesville, where he happened to be on business. Thursday night he was sleeping the sleep of the good and virtuous at the Brown House when Gainesville received the news from Tallahassee that they had won out on the State University contest. He said it was about 1 o'clock when he was seized with a most terrible nightmare. The fire bells were ringing and he imagined mountains of flame were surging over his head and roaring like the Niagara in his ears, that he was in a 32-story building and the walls were falling in. As soon as he could extricate himself from this frightful mental condition, he got up and dressed, and on investigating the cause found out what it was. From that time on until the train left yesterday the town and its people were celebrating. Everything that rang, that whistled, that exploded or resounded, was called into requisition, and the hottest time in its history was abroad in the old town. Everybody was out, cheering and shouting, and their joy knew no bounds. Well they may, for it is the biggest thing that ever befell our neighbor. The Star glories in the spirit it aroused. It is an omen of an auspicious beginning for the new University, and a happy continuance of its glorious educational career for the town and commonwealth.—Ocala Star.

GOOD FOR GAINESVILLE.

The Board of Control has selected Gainesville as the site for the State University for males. The action was taken at the session last night in Tallahassee, after the claims of both Gainesville and Lake City had been eloquently presented by delegations from those cities, and the vote was six to four.

It is safe to assert that seventy-five per cent, if not more, of the people of this section were in favor of the selection of Gainesville, and the decision of the board gives very general satisfaction.—The Tampa Times, 7th.

HOW THEY VOTED.

According to information obtained from The White Springs Herald, the members of the Board of Control voted as follows:

Gainesville.	Lake City.
H. Clay Crawford,	Gov. N. B. Broward,
W. H. Ellis,	Nathaniel Adams,
W. V. Knott,	Dr. A. L. Brown,
W. M. Holloway,	N. P. Bryan.
T. B. King,	
P. K. Young.	

According to the same authority three members of the Board of Control voted for Lake City, while every member of the State Board of Education voted for Gainesville, except Governor Broward, and we give them the assurance that they will never live to see the day they will regret their action through any fault of our people.

NO ANTI-CIGARETTE LAW.

The expression has gone out and it has been published in many papers that a law was passed at the last session of the Legislature prohibiting the sale of cigarettes and cigarette papers. It is not the fact, however, as no such law was submitted to the Governor for his signature.

Such a measure was presented at the last session, but it was never enacted into a law.

THE SEMINARY WILL HAVE A FALL TERM

This Was the Decision Reached by Citizens in Mass Meeting.

AN ADJUNCT TO HIGH SCHOOL

It Is Proposed, in Addition to Regular Seminary Course, to Teach the Higher Branches of Public School—Normalites to be Cared For.

An enthusiastic meeting of citizens was held at the court house Monday morning for the purpose of arranging for accommodations for the faculty and students of the University normal, which convened here Monday, also to continue the Seminary for another year, until the University buildings are completed.

The meeting was well attended and a great deal of enthusiasm was manifested along educational lines, which showed that our people are still thoroughly imbued in school matters—in fact, absolutely saturated with school ideas.

The meeting was called to order by Mayor Thomas, who explained its purpose. Marcus Endel was selected secretary.

The normal being called, and conducted at the Seminary under direction of the State Educational Board and Board of Control, the barracks and dormitory of the college will be used for the accommodation of the faculty and students and Mrs. R. B. Taylor was selected as matron to furnish board at a rate not exceeding $12 per month.

The matter of continuing the Seminary until such time as the new State University buildings which will be erected are completed, which it is anticipated will be ready for occupancy at the term for 1906, it was decided to continue that institution as an adjunct to the Gainesville Graded and High School and by subscription over $1,000 was raised for the purpose of assisting in expenses of conducting same.

After disposing of a few other trivial matters pertaining to education the meeting adjourned.

REPLY TO DR. KELLEY.

J. A. Ormond Assumes Responsibility of "Fair Play."

From Wednesday's Daily Sun.

The following communication was inadvertently misplaced, which accounts for delay in publishing same:

Windsor, Fla., July 11.—Editor Sun: Please grant me a short space in the columns of your valuable paper, in which to review briefly the article in The Sun of the 29th ult. entitled, "Fair Play Answered," and signed by Dr. Kelley. In that I have been charged with being false and of attempting to misrepresent Dr. Kelley and the School Board. A few words by way of explanation and self vindication will not be amiss, after which I shall leave it to the "honest public" to decide who is the prejudiced party in the case, or who is attempting to misrepresent facts.

The "tramp teacher," "sorehead," "disgruntled individual" and "meddlesome knight of the quill," who, in a courteous letter in your paper of the 20th ult., asked an explanation of certain things done by the School Board, is J. A. Ormond of Windsor, who, having taught eight terms in the public schools of Alachua county, needs no introduction to most of the readers of The Sun. Since the promulgation by our forefathers of freedom of speech and of the press it has never been considered out of order for any public servant to have his acts discussed in print. But such is the arrogance of which Dr. Kelley has attempted to cast a slur, it is a significant fact that my opportunities are not limited by the boundaries of any particular county, and it is a fact of which I am a trifle proud, that in the face of my being "turned down" by Dr. Kelley and his board, I was the first teacher in the State to receive recognition at the hands of the State Board of Education and Board of Control, a body almost as eminent as the Alachua County Board of Public Instruction.

Very respectfully,
J. A. ORMOND.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

this saw mill graduate and defunct pill-roller, who, by a majority of five votes, has been placed at the head of Alachua county's school offices, that he replies to a polite inquiry in a half-column of vituperation and abuse. Instead of making a single attempt to justify the action in question he is content with vilifying the inquirer and in the same suave, guileless manner, which with certain other influences won for him his handsome (?) majority in the election of last year, thinks to sidetrack the issue.

Though not a member of the board and without the power of a single vote in that body, Dr. Kelley takes upon himself the responsibility for their action and upon the unvarying principle that "a hit dog always hollers," we readily concede him that responsibility. And now for a few facts in the case:

At the April meeting of the Alachua County Board of Public Instruction, a petition asking the board for my appointment as teacher of the summer school at Trenton was presented to the board by the supervisor of that school, bearing the names of every patron in the district. I submitted my application at the same time. Within the next few days I received a letter from the supervisor of Trenton school inclosing a letter from Dr. Kelley, in which he denied having received my application, but asked him to inform me of the ruling which the board had made at that meeting, (for my special benefit as everyone can see) i. e., that no teacher who had taught outside the county could receive summer work in the county unless he should agree to teach the winter term of the school as well. Although I knew that the ruling was made to suit my particular case and to gratify Dr. Kelley's political spite against me and was in fact an ex post facto law, I could not but concede the right of the board to favor those teachers who have always taught in the county, and so gracefully bowed in submission. And now comes the point of inconsistency.

Dr. Kelley in his article says: "We do not propose to allow new comers to deprive home teachers of work during the dull season and then go away and leave but three months work for some of our teachers." Then why did Dr. Kelley appoint Prof. G. W. Bonner a summer term at Santa Fe, when Dr. Kelley knew that he would teach in another county for the winter term in the same school year? Does he deny this? Hear the proof: Supt. Dickinson of Hillsboro county told me in his office in Tampa three weeks ago, in the presence of my wife, that Prof. Bonner had accepted a school in that county for the coming term, which school he had procured upon the recommendation of Dr. Kelley. Now, Mr. Bonner is, according to Dr. Kelley's definition, a "tramp teacher," since he is leaving the county after teaching but one term, while I, another "tramp teacher," was raised and educated in the county and never taught outside the county until last year. Now in the face of these things, what does the "honest public" think of Dr. Kelley's "ideas of law and justice?" I am not making a personal fight on Dr. Kelley—so much the better for him; and having presented the facts in the case, I leave it in the hands of the "honest public" and intend to have no more to say on the subject. Any further personalities in which he may wish to engage will, I trust, be conducted personally.

To Prof. Bonner, whom I have not met, I offer my most sincere apology for the use of his name in connection with the affair and assure [illegible] that no

Girl Prevents Jail Delivery.

Birmingham, Ala., July 11.—John and James Roper, two white men, who were placed in the Ensley jail charged with highway robbery, made a desperate attempt to escape. When Warden Harris took the men their breakfast James Raper attacked him, while the other ran for the door. Mr. Harris' little girl secured a pistol in the office and held the escaping man at bay, and with the assistance of a negro trusty, James, who was struggling with the warden, was finally forced back into his cell, after which John, on whom the little girl was holding the pistol, was also locked up.

Wife Murderer on Trial.

Raleigh, N. C., July 11.—Newbern has a very sensational trial, that of John Patterson, for the murder of his wife under circumstances of peculiar horror. The crime was committed last winter. He had separated from her some time before, and one night, it is charged, he went to her home and crept in her room with a can of oil, which he poured upon her and the bad, and then applied a torch. The woman was burned to death, no one being near enough to aid her.

Big Flood in Minnesota.

Minneapolis, Minn., July 11.—The flood in the Mississippi apperently has reached its highest point, after being steadily for three weeks. Lumbermen believe there is no further danger to be apprehended from the great log jam at Camden and unless heavy rains take place, the worst is thought to be over. Hundreds of houses along the Mississippi flats have been abandoned by their owners, and they will not be reoccupied until the flood subsides.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Tuesday's Daily Sun:

J. A. Maultsby of Campville is looking after his business interests in this city.

Mrs. Dora T. Cromwell returned on Monday from a visit with the family of James Fennell at Melrose.

R. S. Bradley of Wacahoota, one of the leading farmers of that section, was trading in the city yesterday.

Mr. and Mrs. J. C. Haile and children of Alachua visited friends and relatives in this city yesterday.

Mr. and Mrs. Perry M. Colson and children left Sunday for Asheville, N. C., where they will spend the summer.

Mr. and Mrs. G. W. Easterlin of High Springs have gone to White Springs, where they will recuperate for a few days.

Rev. Mr. Hart of Paradise filled an appointment at North Gainesville Hall Sunday evening, delivering an interesting sermon.

Mrs. M. I. Smith of McIntosh returned to her home yesterday, after a brief visit to her sister, Mrs. J. S. Bodiford, in this city.

Perry M. Fugate of Williston passed through the city yesterday for Alachua, where he goes to visit his brother, Joseph Fugate, for a few days.

Mrs. F. M. Prewitt and daughter, Louise, have returned from a pleasant visit to Mr. and Mrs. J. J. Williams at Jacksonville, also relatives at Waldo.

Among the visitors to this city is L. H. Seawell of Selma, Ala., who is the guest of his sister, Mrs. J. M. Flewellen, and brother, F. R. Seawell. He is well pleased with our city.

Misses Bessie King and Bettie Miller left on Monday for an extended Northern trip. They will visit at Waycross and Elberson, Ga., and Chester, S. C., to be absent about six weeks.

Misses Irene McCreary, Pearl Whetstone, Gertrude Westgaard, Lena Baird and Cornie Daughtrey left yesterday for Archer, where they will be the guests of Miss Annie McLean in a delightful house party.

J. E. Wells of Archer, the efficient bookkeeper for C. W. Bauknight, spent Sunday with his family in this city. Mr. Wells is on his annual vacation and left yesterday for Pablo, where he will spend a few days enjoying the ocean breezes.

Misses Frankie Owens of Tampa and Louise Carter of this city have gone to Judson, where they will visit their grandmother, Mrs. M. L. Carter.

S. E. M. Stewart and his accomplished daughter, Miss May, were in the city yesterday from High Springs and made The Sun an agreeable call. Mr. Stewart is engaged in the general mercantile business at High Springs.

Notice is hereby given that I will not be responsible for any debts contracted by my wife, Mrs. Annie E. Bailey, and persons crediting her or trading with her, do so at their own risk. JAMES S. BAILEY, Newberry, Fla., July 7th, 1905.

E. E. Voyle of the East Florida Telephone Company has returned from a business trip to Inverness. Mr. Voyle promises great things for the East Florida Telephone Company in future. The company is branching out in every direction and is receiving substantial support.

T. M. Venable of Arredondo has returned from Louisville, Ky., where he attended the Confederate reunion. He reports a most enjoyable time and a very large attendance of Veterans, much larger than had been anticipated. He was absent several weeks and visited Richmond and other points in the Blue Grass State. Mr. Venable says wherever he went he found the people greatly interested in Florida and some effective advertising of the State was done during the reunion.

From Thursday's Daily Sun:

Mrs. J. S. Bailey of Judson is visiting friends in this city.

C. W. McDonald of Rocky Point was trading in the city yesterday.

Deputy Sheriff J. B. Kennard of Waldo was in the city yesterday.

PRYOR, TENN., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

E. C. Moseley of Elarbee, one of The Sun's valued friends and subscribers, was in the city yesterday. Mr. Moseley was a guest of his father-in-law, M. S. Cheves, while here.

Mrs. W. M. Hazel and little son of Johnston, S. C., arrived in the city yesterday and for the next few days will be the guests of Mrs. Hazel's sister, Mrs. C. C. Pedrick. She expects also to visit her mother, Mrs. J. Porter Smith, Wacahoota, before her return.

Robert McClellan returned yesterday from High Springs, where he went to embalm the body of Geo. W. Moore of Ridgeway, S. C., who died in that place Tuesday, and prepare the remains for shipment to his old home. The remains were shipped Wednesday, accompanied by his daughter, Miss Carrie Moore.

Among the new arrivals of students at the State Normal in this city yesterday we note the following: Miss Jessie Cail and Mr. A. E. Evans, Island Grove; Misses Jettie Futch of Haynesworth, Maude E. McKenzie of Apalachicola, Ruby Parnell of Lake City, Lillian Norton of Miami, Ollie Chapman of Lake Butler, and Mr. H. Clay Parker of LaCrosse.

Miss Alma Fennell has returned from Atlanta, where she has been for the past few weeks under the care of Dr. J. B. S. Holmes. It will be remembered that Miss Fennell was operated upon for appendicitis, and the operation, though difficult, was successful. Friends will be delighted to learn that the condition of the young lady has so far improved that she is now considered entirely out of danger.

C. N. Griffin of Jacksonville, secretary and treasurer of the Miller and Hampton Realty Company, and also connected with the Miller-Mallard Grocery Company, was greeting old friends in the city yesterday. Mr. Griffin is an Alachua county boy, being the son of Jesse I. Griffin of Jonesville. His friends here will be glad to learn that he is prospering, and is destined to become one of the rising young men of the State.

Deputy Sheriff J. H. Granger returned yesterday from High Springs. He brought two prisoners, Lonnie Hill and John Ellerbee, who were arrested in that town upon a charge of assault and battery upon a warrant issued at the instigation of Frank McCoy, who charged them with "overlaying" him on a certain night recently. The defendants were arraigned before Judge Mason, but the evidence was weak, and the case was compromised with the payment of the costs—and the court and the defendants were happy.

C. L. McLean and his interesting little son, John, of Lauraville are again in the city and will remain here for several days. Master John, about a year ago, had the misfortune to accidentally swallow a quantity of potash that seriously affected his throat and he was brought here under the care of Dr. Phillips for several weeks. Being considerably improved he was taken home, but the trouble again broke out and his father has brought him here for treatment. Mr. McLean has many friends here who are glad to see him but who are sorry he is here on this mission. They hope, however, that the young patient will rapidly recover.

NELSON WAS IN TROUBLE.

Was Cut and Shot, His Horse Injured, and He Was Left for Dead.

A. D. Nelson, a colored man of Campville, got mixed up with some trouble on the Fourth of July which resulted seriously for him, as he is "cut up a site to see," as the Georgia Cracker expressed it in writing to a railroad company regarding a cow one of their locomotives had put out of business.

Nelson states that two colored men by the name of Stark fell out with him about a cow and on the 4th inst. while he was on his way to his farm he met the men and women, who were in a wagon. They were evidently looking for him, as the men got under the vehicle, and the first intimation he had of impending danger was when one of the women exclaimed, "Shoot him!" Two shots were immediately fired and Nelson was struck by several buckshot. Nelson says the men then jumped on him and cut him severely, afterward shooting him and leaving him in the road for dead. He was riding a horse, and the animal was also injured.

The Stark's then went to Nelson's house and informed his wife that they had killed her husband and told her where she could find his body. Nelson and the Starks are cousins.

The men were arrested, and were placed under a bond for their appearance before Justice James Dyess next Wednesday.

Nelson has employed Judge J. A. Carlisle to prosecute the case.

North Gainesville Notes.

H. A. Fisher and son, James, have gone to Campville, where they will be engaged in laying brick for the next few days.

Mrs. Fred Dye and father departed Wednesday morning for their old home in Michigan, where they will spend a couple of months.

Mr. Nabb and family, who have been residing in the McKeever house, East Lassiter street, have moved to the James Cellon place here.

Attorney Williams of Cedar Key was looking after his property interests here.

Mrs. B. F. Kite has returned from a pleasant visit to her sister, Mrs. Turner, at Ward City.

Meeting Board of Trade.

The Board of Trade held a special meeting at the council chamber Wednesday morning which was called for the purpose of considering a proposition for a page write-up of the city in The Times-Union.

J. H. Reese of The Times-Union appeared before the meeting and explained the matter, when the board referred the matter to a committee. After due consideration it was decided that the board would not take action [illegible]

SHORT SUNDAY HOURS FOR THE DRUGGISTS

Ministerial Association Wants the Pharmacists to be Good.

OUGHT TO ATTEND CHURCH

Instead of Rolling Pills and Filling Prescriptions Sunday Morning—Important Meeting of the Association Tuesday Afternoon.

The regular monthly meeting of the Ministerial Association was held Tuesday afternoon at 3 o'clock in the Methodist parsonage. Among other important matters discussed was that of securing shorter hours in which the druggists would be compelled to remain open on Sundays, so that they could attend church services.

It was shown that the druggists were perfectly willing to enter into an arrangement to confine themselves to certain hours of work on the Sabbath, but it was made plain that there was a fear one or two of the physicians would enter an objection to being limited to any given time for their prescriptions to be filled. It was therefore resolved that a paper be presented to all of the practicing physicians for their signatures and in this way show there were none unwilling to grant their fellowmen church privileges on Sundays.

VERDICT OF CORONER'S JURY.

W. C. Hague Was Exonerated for Shooting Will Hunter.

The coroner's jury which sat upon the case of the killing of Will Hunter by Officer W. C. Hague at Hague Tuesday while resisting arrest, mention of which was made in The Sun, has returned a verdict to the effect that the killing was justifiable, since Officer Hague was protecting his own life. Chas. B. Dell was foreman of the jury, which was composed of a half-dozen of the best citizens of that section. The evidence was carefully weighed.

Mr. Hague, who was hit four times by Hunter, is reported resting as easily as could be expected under the circumstances. While his wounds are painful, they are not considered serious, and the attending physicians say he is entirely out of danger.
